FALL TERM OPENS **SEPTEMBER 14**

Business provides exceptional rewards to qualified young people. Many more Secretaries, Office Personnel and Executive Assistants are needed than are available. That is why even beginning salaries are excellent with many additional benefits such as paid vacations, health plans and a short work week.

There are definite career goals in business. Relatively short schooling time, and moderate tuition, so you can be certain you will be able to complete your course.

Margaret Allen arrived here in Wood Creek June 15. Of course her parents, Ellen and Bronson Allen, were more than delighted to see her after two years spent in Tokyo, Japan where she had been teaching English to the Japanese. Margaret is the daughter of Air Force personnel stationed there. During the two years she took trips to many places in the Far East — Hong Kong, the Philippines, Saigon, Viet Nam, etc. She left here last Saturday to fly to Paris where she will then proceed to Phalsburg, France, which is near the German border, and where she will teach this coming year. She has already made plans to go to the Italy Land during her Christmas holidays, and at Easter time she will tour Russia.

**ADAM AND ED CARDEN** left here two weeks ago today and drove to Pennsylvania. In Hazleton they picked up friends and all four drove on to Poccano Manor, a beautiful spot in Poccano Mountains, where they spent a very pleasant weekend. They reached home last week Monday.

**MEZ O'SHAUGHNESSY's** brother, George Dwyer, with his two sons, George the 3rd, and Dennis, also arrived from White Plains, N.Y., last Wednesday night. They left home early Sunday but stopped to fish in Canada on the way out. MeZ's sister-in-law is not a fishing enthusiast as her men folk are, so she seized the opportunity to go to Baltimore, Md. to visit her sister and growl niece. Thursday they were all glad to relax quietly here in Wood Creek. Then the rain came so they spent a day at the Ford Museum, another at the Historical Museum, and one swimming in the pool at the Woodbrook Country Club. Monday they went fishing again, then to Greenfield Village, as well as setting in some golf. Tomorrow they leave the return trip.

Pictured above are Coach Kennedy, Joe Watson and John Karwinski, three of Coach Kennedy's veterans who have been working out this month to get in shape for the coming season. The trio is admiring the new track uniforms the team will be sporting this year.

## Farmington Acres News

**BETTE J. WILLARD** 476-3863

Farmington Acres is really jumping with activity. Vacationers are coming back in droves and preparations are being made for the college season and the opening of schools.

One of the families that is still entertaining summer visitors are the Wisniewskis. Mark, brother and sister, Dick and Irah Howe, were here from Lansing. Both families toured Grand Island, Belle Isle and the Detroit area. Staying at the Wisniewskis this weekend are Mary Jane and Bill Conn, also from Lansing. Marge and Bob Cook of Robinson had Mr. and Mrs. Victor Giese and their four children, from Milwaukee, as guests this week. The Cooks gave their visitors the usual tours and in addition took them over to get a glimpse of Canada.

**RETURNING AFTER** a very interesting week at Wisconsin's "Pleasantland," Adam and Ed Carden were the Lawler family. They spent hours photographing the unusual rock formations, especially the "Pillars of Wisdom," and took several river trips by steamboat. One evening, the Lawlers were the honored guests at an Indian Ceremony at the University of Wisconsin. Johnny Lawler thought the Indians would be living in hogans or teepees and was amazed to find the chief and his family, living in a modern house trailer, equipped with refrigerator and dishwasher. Sensing his disappointment, the chief invited Johnny to a big "PowWow" and offered him a peace-pipe.

Home from the "Fair" is the Justice family. Clint, Lee and children spent two weeks traveling with house trailer to New England, New York and the Adirondack area. The Nobles (Nancy and Gardner) had a wonderful weekend at Niagara Falls. This was the first time away from their children and they found it quite relaxing.

Vacationing with her children was Ann Hobbs of Meadowbrook. They spent six weeks in West Virginia, visiting Ann's parents. Stephanie and John Burns, plus their five children, spent a few days relaxing at a motel in Cleveland, Ohio.

Walt and Delores Springer, mother of Birchwood, returned with their daughter Linda, from a trip to St. Louis where they visited Mr. Springer's mother and sister.

Mrs. Thomas Ford and sons, Dick and John, vacationed with "grandmother," Mrs. Richard Ford, at Echo Lake, New York. Renting little cottages and a cabin, together with the Ford family, they were the guests of Robinson. These good neighbors and their children spent a week at Torch Lake, in Northern Michigan.

**TROOP NO. 659** of the Girl Scouts are finalizing their plans for a four-day camping session, beginning Sept. 1. Approximately 30 girls will be accompanied by Camp Nartin, by Miss Jean or Mrs. Robert Vanden Heuvel and assistant leader, Mrs. Henry Ford. Other mothers assisting will be Mrs. Robert Lawsh and Mrs. Robert Cook.

Players are still needed for the Farmington Acres Bowling League. Men and women interested, please call Lucille Greiner, at 476-2876. This league will meet on Sunday, from 6 p.m. to 8 p.m. at Country Lanes, 31623 Grand River Ave. Women interested in bowling on Tuesdays, with the Flanders P.T.A. Bowling League, are asked to call Marilyn Gray at GR. 4-5505. The hours for bowling are 12:15-3:30 p.m. There is a nursery provided and the su-

## Lancer Coach Bud Webster Calls Gridders to Battle

After posting the best football season in Sorrows High's history, Coach Bud Webster and his charges are ready to go to battle against all comers in the tough Northwest Conference of the Catholic Leagues Second Division.

Although losing 17 of 21 games last year, the school has ever had, still Coach Webster has 20 strong letter winners returning. Bob Urban, Stencil (6-0, 170) will start as a newcomer, is slated for starting QB job. He has been hardest hit by graduation with Junior, Bob has been working as a Sophomore. Mike Ing on his passing technique all summer. If Urban can come through Webster can move co-captain Myles Kearney to halfback to quarter. Kearney would be adequate enough but Webster would rather leave his job to the line corps will be co-captain Mike Bars (6-4, 210) after the ends this year.

Herb Coleman will again lead the line coaching school. Head of the line corps will be co-captain Mike Bars (6-4, 210) after the ends this year.

John Brennan (5-10, 200) was a highly last year but will be back as good if Webster can produce some depth especially in the backfield. Only Dave Sutton a 170 back has any experience at this running attack. Teams to bat will be Orchard Lake St. Mary, who has 8 or 9 starters back, Royal Oak St. Mary, Detroit St. Agatha, and Waterford Our Lady of the Lakes.

## Westbrooke Manor

**MARK PALMER**, son of Mr. and Mrs. Thomas Palmer of Nottingham, has been named as an individual project of his own choosing. He made a study of Collagen, a protein which makes up body tissue and is the most abundant protein in the body. Because of the fine job he has done and his avid interest in history, his teacher, Sister Margareta, has asked Mark to work at Marian High School on Saturdays in the fall.

This summer, the group Mark was in visited Beaumont Hospital and the Cancer Foundation as background for their individual projects. The class ended with a seminar in which Mark presented a report on his project which Sister Margareta taped. At Marian this fall Sister is starting a Tissue Culture Club.

Mrs. Davis and the kids then went to Orange, California where they stayed with her brother, Alexander Alex, who has a wife, seven children, and a large swimming pool. After two weeks there, they visited her brother, Michael Alex, who lives with his wife and two children in Long Beach.

Wherever the Davises went, they saw everything and did as much. They saw the Hollywood Bowl, Palm Springs, "Beauties" Carmel and By-the-Sea, with its crazy rocks, and white sand, the Laguna Art Festival, the Grand Gate Bridge, the Oakland-Berkeley Bridge, Fisherman's River, Alcatraz, Disneyland, and the "OCEAN." Mrs. Davis saw Jack London's hotel and took a tram "ski lift" for 80 to 18000 feet up a mountain to a restaurant which was assembled by helicopter. Mrs. Davis asked herself what she was doing on the tram, but when she got to the top — "There was only one way down." Their trip to the Sunshine State was one they will never forget, for they all have something wonderful to look back on.

**Late news flash.** "The Westbrooke Manor Mixed Bowling League it about to start its 8th bowling season at Bel-Aire Lanes on Friday evening, September 11, at 8 o'clock. Couples or subs wishing to bowl in this league, please contact Secretary Pat Vorce at 474-5351 or President Eldon Walker at 474-5648, as soon as possible."

**MARK AND NITA MESLER** of Birchwood were scarcely back from the funeral of Mark's mother when Nita had to rush their son Michael, to St. Mary Hospital. Despite the nature of the emergency, Michael managed to surprise his mother, on the following day, with a bouquet of roses and a corsage in honor of her birthday. Another surprise was in store for Nita on the night of Michael's return from the hospital. Some very thoughtful neighbors, by the name of Fitzpatrick, had a small birthday gathering for Nita.

Lots of excitement at the house household, on Birchwood, last Saturday. Police cars sped to the scene answering the frantic calls of Mrs. Bruce. Little 16-month-old Tony had swallowed charcoal lighter fluid and was hurried to the hospital. Tony is apparently none the worse for his ordeal but must still be watched for signs of pneumonia.
