TOWNSHIP ZONING BOARD meetings are attracting more and more citizens these days as evidenced in the picture above which shows a part of the crowd which was in attendance at the Thursday, August 27, meeting. The gentleman in the foreground was one of several who found standing room in the Township office reception desk area.

## Panel Discussion Held On Township Planning and Zoning

Fortunate are those who were in attendance at a special meeting in the Township Hall Tuesday evening, August 25, for they now have a better understanding of zoning and planning in their community.

A group of citizens from different subdivision associations who were concerned about the many recent requests for rezoning decided that something should be done to better inform the people about zoning laws.
