The Forest Park pool will be closed in a few days. On September 7 we will say goodbye to Bee in Swiss, pool director, and Miss Nancy Dodier, his assistant. Barry will return to teaching Business at Allen Park High in January and will be coaching basketball. He will also attend classes at MSU in the evenings, working on the last 15 hours of his master's degree in business administration. Nancy will be entering her senior year at Birmingham Groves High School after which she will like to pursue studies at college towards her goal of working with physically handicapped children.

Don't forget our Fourth Annual Aquec Antics on Friday evening, September 4, at 7:30 p.m. This year's theme for the water show is "It's a Charming World." Nancy and the youngsters performing in the show have been working hard on their routines as has Barry in coordinating the balance of the show, which will include a demonstration of each phase of swimming, from pre-beginner to lifesaving and diving. A goodwill offering will be taken to help defray expenses and the children will be having a fund-raising for the hay ride on Monday, August 22, with Tom and Marlene Nolan going along as chaperones.

telephone lines

"GET THE BIG PICTURE" is a traffic safety rule we stress with our drivers at all times—but especially now that school is starting again. Every telephone company worker who drives one of our cars or trucks is taught to be especially alert whenever a youngster appears anywhere in the "big picture"—behind or to either side of his vehicle, as well as ahead. That way, a child's impulsive decision to stop or change direction can be seen in time to avoid injury. "Get the big picture" is just one of the good habits Michigan Bell instills in its driver employees through a company-wide, year-round safety education program.

POINT TO REMEMBER—telephones are everywhere. And that's exactly what makes your phone so valuable to you. Because your doctor, your TV repairman, your son's school all have phones of their own, you can reach them instantly and easily. And that goes for countless other people and companies you may need to talk with in a month's time. In fact, Michigan Bell now serves over 3,000,000 telephones throughout the state, each adding to the potential usefulness of your phone.

City, St. Ignace, Indian River and Frankenmuth. They had a bumper car and a hot dog stand. It was very windy and traffic across the bridge was heavy. Cars were lined up on the bridge. Dolly and Marshall Bergson of Doreen and Dolly's brother and sister-in-law, Bob and Virginia Meisel of Saginaw, entertained the ladies at a luncheon and Lilian Meisel of Jackson, on the occasion of their 40th wedding anniversary, with a family dinner at Carl's Chop House.

Elmer and Georgia Gonitich of So. Brandon and their children, Joyce, Alan and Karen, returned from a week's vacation in the beautiful state of Missouri and Arkansas.

Marlene Nolan joined husband Tom on a three-day business trip to Toronto, Ontario, Canada, which was especially enjoyable because the Nolan children were well taken care of at home by a sitter.

Myrna and Dick Edgar of Thedwell were able to leave their children with their grandparents and took their boat in stead. They had a delightful time sailing and touring North Michigan for a week.

The Jubilees of LeRoy Clark and Helen and children, Karen, Jeff, Jeanne and Mark, had their first camping experience in the trailer camper which they won last year in a drawing of Columbus raffle. They spent four days camping at Colorado Rocky Mountain National Park. On the way home they had a picnic at Lewis, Missouri, where Arleen attended a half day session of the Catholic Liturgical Convention. Her sister from Mary Francine, wasn't expecting her and it was quite a feat to locate her among the 20,000 nuns and priests who were attending the convention.

CAROLYN and KEN Hall, with Susan and Steven, flew by jet to Los Angeles to spend two weeks with Ken's mother, Mrs. Pennebaker's house is situated on the side of a canyon from which the view is unbelievable, and yet it is located only a minute's drive from Highway and Vine Streets. The halls took in Disneyland, Marineland, Malibu, Will Rogers State Park, Grand Canyon, and the children spent time on the corner of Hollywood and Vine, like all tourists do. They also viewed the Truth or Consequences, Steve Allen and Dick Van Dyke television shows. A visit to the Mojave Desert and an old mining camp were also on their itinerary.

Ruth Clifton, teen-age daughter of Lee and Aretta Breckenridge on Ontario, was besieged with telephone calls when she had a WXYZ disc jockey announce over the radio that she wanted to sell her ticket for the Beatles prospective buyers were still calling after midnight, long after the ticket was sold. The women's bridge club entertained their husbands at

"Man" Is Topic At Science Ch.

States and stages of human progress will be explored in the State Lesson on "Man" at all Christian Science churches this Sunday.

Bible selections will include the following from Romans (ch. 12): "Be not conformed to this world; but be ye transformed by the renewing of your mind, that ye may prove what is that good, and acceptable, and perfect, will of God."

Readings from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include these lines (p. 296): "Progress is born of experience. It is the ripening of mortal life, through which the mortal is dropped for the immortal. Either here or hereafter, suffering or Science must test our relations regarding life and mind, and regenerate material sense and self. The old man with his deeds must be put off."

Musical Water Ballet Staged By Kendallwood Swimming Club

On Friday, night, August 28, "Fantasyland", a costumed musical water ballet, was performed at the Kendallwood Swimming Club before a capacity audience of admiring parents and friends.

Sixty-nine youngsters, 100% girls, participated in the production under the able direction of Jan Yager, 18-year-old graduate of Southfield High School, the student swimmers learned all of the water ballet movements.

Ann Dunn, Dee Dickson and Debbie O'Keefe in red suits and white caps demonstrated these movements without a flaw. Then came Verna Lorion Jr., in the role of Snow White. She wore a short white sharkskin dress, glittering pail cap and slipper, and even a lovely ballet. Seven little dwarfs swifly followed with their funny antics. They were: Mary Chadrick, Liz Lemley, Peggy McCort, Barbara Timms, Kim Owen, Cynthia Sobolik and Susan Starr.

PETER PAN in sleek green lights and green sequined cap was Linda Oldershaw and "Pink" in yellow was Denise Milne. Then came Captain Hook, Pam Wilson and pirates in shorts and red houses and scarves were Sherry Axelson, Dee Dickson, Sherry Fyalko, Peg Sell, Cathy Thaler and Lee Ann Warner. The green shiny crossditch slithering outfit was none other than Mary O'Connor.

Two way out Maritans, in black tights, black pail caps and shiny green hooded outfits turned out to be Kathy McCort and Sue Snyder who executed a tricky dive to eerie moon music.

A cloud of pink nylon net drifted by next—it was the Sugar Plum Fairies, Georgia Czubiak, Patti Ditt, Leslie Geddis, Renee McCort, Beth Miller, Kate O'Connor, Linda Sobolik, Diane Vallasi, Patti Wilson, Peggy Wilson and Brooke Jenks.

SWISH GREEN mermaids were Maria Benish, Pat Bilyeu, Sue Bilyeu, Diane Clark, Nancy Cosper, Jan Elliot, Barb Lemley, Denise Milne, Kathy Sobolik, the Swis, Mary Timms and Carol Young.

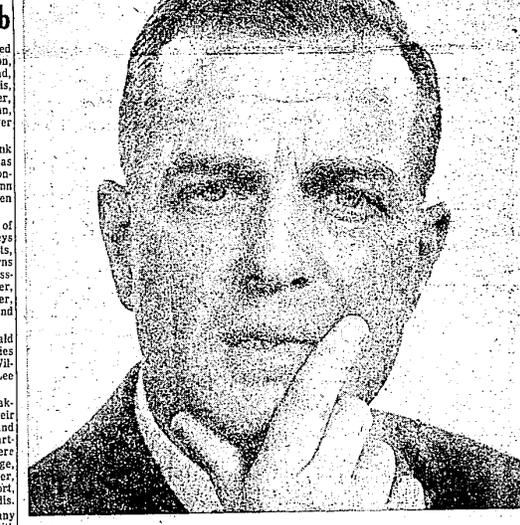

Our good friends from the Wizard of Oz turned out to be a sister act, swimming a balletic lanchon and card party will be held at the home of Laura Brunel at 28370 Inker Road near 12 Mile Road on September 9 at 12 noon.
