## Karen Sue Osen Now Studying At Rome Center

Karen Sue Osen, 24391 Bay Tree Drive, Farmington, is studying in Rome, Italy, at the Loyola University of Chicago, Rome Center for Liberal Arts. Karen, a Western Michigan University student, is one of 220 students from schools throughout the nation who are studying liberal arts courses in the largest undergraduate program of its kind being held in Rome by an American University.

Following their arrival in Rome, September 3, the students spent nearly a week meeting the mayor of Rome, Italian and American diplomats and visiting the homes of Italian families, as part of a program of becoming familiar with European life and culture. Classes began September 8.

The Rome Center is now in its third year of offering courses taught in English, in history, literature, art, philosophy, political science, theology, and Italian. Students who have completed at least one year of college may study at the Rome Center, where they may earn up to a full year of college credits.

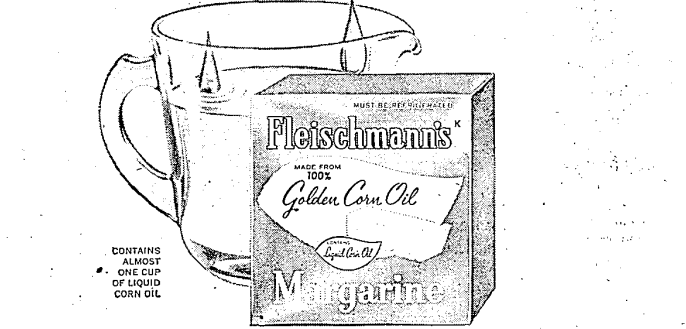

In Rome, the students live just a 45-minute walk from Vatican City, in the International Center for Student Travel and Learning. Loyola occupies the entire right wing of the building, which was built in 1960 to house Olympic athletes. When classes are not in session, field trips are held to enable students to see first-hand important historic and art sites. At Christmas time will tour the Holy Land.
