We're in the Volkswagen business—that is the business of economical transportation. We get all kinds of cars as trade-ins. Fords, Chevies, Pontiacs as well as VWs. As they come in, each car is put through a rigid performance test. The ones that pass get the works. They're reconditioned, tuned, tightened up, washed and polished (inside and out). The ones that fail never show up on our lot.

Compare the prices of our domestic used cars. We can't afford to sell you anything but the best at the best price. After all, you'll be driving our reputation around with you.
