

Secretary of State Declares 'War' on Errant Drivers

LANSING—If you are one of a tiny number of "chronic bad drivers" in constant trouble with your driving and running up red points or getting into other trouble, you had better mend your ways because the Michigan Department of State has declared "open season on you."

A four-point program against these "incurables" was outlined by Secretary of State James M. Hare who ordered the "crackdown."

"Something has to be done to curb this hard-core of bad drivers," Hare said. "We decided on a 'tough' approach."

Hare said that it involved only 10,000 of the state's more than 44-million licensed motorists, a "minute one-quarter of one per cent."

The Hare crackdown involves the actions:

(1) Right minimum actions for accumulated points. Where officials heretofore had an option on actions, penalties are now sharper, more definite, and tougher. For instance, a 10-point now automatically receives a 10-day suspension on his first re-examination. Before, the driver improvement official could have permitted this driver to continue driving if, in his judgment, circumstances warranted it.

(2) Obtaining records from the state police which would help shape and determine the severity of the penalty. Some drivers have records which are dotted with drunk driving, assaults, and other criminal actions. Hare charged. He said he was hopeful that something could be worked out with the state police on this matter.

(3) Notifying local law enforcement officials of action taken against bad drivers and asking these officials to "keep an eye on these offenders to see that they do not drive during their suspension or revocation periods. Hare said that one of the major problems was that an estimated 50 per cent or more of all suspended or revoked motorists drive anyway, and "enforcing penalties is the toughest part of our entire DI procedure."

(4) The positive identification of the "alcoholic personality" and "referral to a clinic, official agency, organization or private physician for medical help."

Hare pointed with pride to the general effectiveness of the point system which he said works with more than \$9 per

driver. "You can deduce that a mere five percent of all drivers are ever in trouble with their driving and that the first re-examination is effective," he noted. "The real chronic offenders... the persons who are back for two or more re-exams... constitute only a fraction of this five percent."

He said that this year, more than 80,000 warning letters would be sent to drivers with more accurate records of all drivers against whom any action is taken... seven-pointers and above... are being computerized for studies and fast updating.

being produced on the computer for faster output and more accurate records of all drivers against whom any action is taken... seven-pointers and above... are being computerized for studies and fast updating.

Livonia DPR Crowns Champs In Horseshoes

It was horseshoe tournament time for the Livonia Department of Parks and Recreation playgrounds Thursday at Henry Ford Field. After the day long shoe tossing stopped and the dust settled, winners in each of the four age categories were named.

In the senior category John Weissmuller, Webster playground, took top honors. Mike McGowan, Rosedale, won the first place ribbon in the Junior class. The Midjet champ was Brian Dismore of Jackson while Grandview's Tim McCannan capped the sub-junior crown.

On a family note it should be pointed out that the McCannan brothers of Grandview almost stole the show in addition to Tina's victory. Mike and Jim McCannan finished close seconds in the Junior and Senior class respectively.

The next citywide tournaments will be the basketball free-throw contest at Whitman on Thursday, July 15.
