It's Flair for Beauty

By Jerry Wendt

Everyone knows that Farmington is a pleasant residential community but few people outside the area realize what can be achieved here in a business if they apply determination and talent.

Larry Mayer, owner of Flair Beauty Salon on Orchard Lake, symbolizes the young men who have come here and succeeded.

After his stint in the service with the Air Force, Larry received his B.A. degree in science from the Detroit Institute of Technology, then went to the Northern Illinois School of Cosmetology. No one could have a more unlikely background for an owner of a beauty salon.

At this point Larry played semi-pro baseball with a Nova Scotia team. He toured the country as pitcher for this rugged group.

Eventually, he became homesick for his family. The closely knit unit consisting of his mother and father who live in Livonia, his brother George, and his sister Cecile Zukowsky all work at separate business enterprises of their own. George Mayer is a realtor and Ted Zukowsky is president of Cardinal Realty. Larry decided to open his own business in Farmington. Cecile persuaded him to enter the field of cosmetology and he perfected his trade and remained on the staff of Livonia's Farrell Academy for five years as instructor in advanced hair styling and permanent waving.

In May 1964, he opened his first shop on Orchard Lake.

His shop is decorated in French decor, with pink the predominating color. The reception room has a large fireplace. One of his first visitors was Mr. Anthony, the world renowned hair stylist who heartily approved of the new quarters. He particularly liked the home-like aspect of the place.

Larry is the first to admit that this is not what he envisioned in the days when he toured the country in professional baseball or circled the world in the Air Force but he is very satisfied and looking forward to remaining here a long time.

"The women of Farmington are a delightful challenge," admits Larry. They are typical suburbanites. Casual and friendly, but they are extremely hair-conscious. They keep him on his mettle, devising new methods of styling. His secret of success, he declines to discuss but feels that treating every customer as an individual instead of a production line of hairdos has much to do with it.

However, the best story of all, Larry refuses to discuss, surrounded by women, he has managed to remain a bachelor!

PICTURE TALK

FAMILY PICTURES

Having a family may be less a matter of "settling down" than of being weighed down. Seems every time you go anywhere—on a picnic, or visiting, or vacation—there are things to carry. Bags, clothes, equipment, toys, food—to pack, unload, reload, unpack. It's a lot of work and some people may occasionally omit their camera.

Now you can travel light, camera and all. Make a point to stop in and see the KODAK INSTAMATIC 150 Outfit. This one comes ready to travel, in its own light-weight carrying case. Everything you need for easy picture-taking, indoors or out, day or night, comes in the carrying case.

You won't find an easier camera to use. The "150" loads instantly. You just drop in a Kodak Cartridge. There are no settings to make, just aim-and-shoot. A spring-mounted advances your film automatically after each shot. You can shoot a shot or second, if you like. You never miss a picture opportunity. And it's just as convenient indoors because this camera has a built-in pop-up flash holder. The complete INSTAMATIC 150 Outfit cost only \$26.95. It's a terrific gift for the youngsters going away for the summer and it can make friends instantly with the mother who doesn't like cameras but who loves pictures of the kids.

The KODAK INSTAMATIC 150 Outfit is just one model in a line of seven KODAK INSTAMATIC Cameras, all of which load instantly and take better pictures automatically. One of them can make your summer picture-taking easier, more rewarding. And solve your carrying problem at wall, bag and look them over.
