

City Police May Get Motorcycle

The Farmington City Council is studying the possibility of purchasing a motorcycle for the Police Department. The Department has within it an expert cyclist, Officer William Bering, graduate of the Detroit Police Motorcycle School. If the motorcycle is purchased, Bering will teach other members of the force how to ride it.

During the "Founder's Festival, Bering distinguished himself aboard a motorcycle Farmington had borrowed from the Redford Twp. Police Dept. He led the Parade, and patrolled the most congested areas, such as the City Park and the Shopping Centers, where police cars could not maneuver.

Paraguay is the only American nation where an Indian tongue is spoken as universally as the official language. Most of the people speak Guarani, although the official language is Spanish.

MRS. WILLIAM LANCASTER, one of our favorite people, had a wonderful present for her 60th wedding anniversary—a great-grandson! Her son, Mr. and Mrs. Denny Henson of 20954 Birchwood Drive, Farmington Acres, the night previous, Denny and Dorice had celebrated their third wedding anniversary, so you might say that the new great-grandson is a double anniversary present.

ALL KINDS OF nice things should be in order for the Lancaster anniversary. We know of no one else in the area springing to write that of this wonderful woman who is still so active at 60 years of age. However, the Lancasters are looking forward to a quiet trip to Northern Michigan instead of a more formal party.

A CHAMPAGNE dinner in celebration is scheduled for the Farmington Country Club on Aug. 7. The plans are as elegant as the name implies. This is a yearly affair semi-formal and one to which all the members look forward to. The gala evening will begin with hors d'oeuvres and champagne to be followed by a buffet supper, then an evening of dancing to a lively four-piece orchestra.

BABY ORCHIDS will be presented in the evening. This is a baby orchid scheme for the dance is pink, white, and red. Mr. and Mrs. Robert Smith are chairman of the affair and they will have a committee composed of Mr. and Mrs. Sturgis Gregory and Mr. and Mrs. Armand Qualtrough. Starting time for the orchid sale is 7:30 p.m. For tickets call GR 4-8000.

A BEAUTY treatment is in order for the Birmingham Community House, scene of many beauty treatments. The treatment will be closed from Aug. 7 to Aug. 29 in order to accomplish all the improvements planned. Besides the hair cutting and waxing, there will be a new porch, new couches and chairs, and new carpeting for the beauty salon. Fall beauty class registration begins Sept. 7. There are more than 40 educational and craft classes being offered. The beauty treatment is beginning sculpturing which will be among the new classes offered.

"AUTUMN SETTLES HER ACCOUNT IN GOLD" is the intriguing title of the show put on by the Horticultural Society of the Department of Parks and Recreation at the Belle Isle Casino, Sept. 11-13. The show is a display of autumn flowers and foliage or fruits. The contained need not be gold-colored. Those interested in entering an arrangement call Kathy at GR 4-7261.

BINGHAMTON, just 20 minutes away from the big city of New York, where the 20s has spent their recent vacation. This is a yearly trip to Joe's parents and as the 20s will be celebrating their 20th anniversary, this was their 20th trip. The most fascinating story was not in New York City but was the famous Springfield Museum.

THIS IS A VILLAGE of little stores, such fascinating things, such fascinating things.

ADLAI STEVENSON'S funeral was in Bloomington and Dorice's aunt's house was the second home of the family, and neighbors and friends watched the sorrowful procession, clearly saw the Johnsons.

DANISH INN has those fabulous sparklers for the top birthday, anniversary cakes, etc. Celebrating a birthday there recently with a friend, the lights were dimmed and host Dick Benik brought in the delicious cake with the sparklers shooting lights in all directions. Later in the evening said it made her feel like a celebrity to get such special treatment.

THE HOBBY CLUB will dance to a real live orchestra. This group has still gotten together for parties. The next night they will meet at the Thayers in Kendallville. Roger Koops, whose wife Joan is a member of the Hobby Club, plays in an orchestra. The group wanted to do something for Roger so offered to furnish the music for their next Hobby Club meeting. Sounds like a fun evening of dancing under the stars.

POIPOURRI: Ray Karbell who has had such long siege in the hospital home at last although in a cast. The Karbell family brought to all who donated blood to help during Ray's illness — Jeffrey Clark of Glenestle has returned home after vacationing in Kincardine, Ontario — Donna Pulliam's mother has had a bout with surgery — Ava Atler of 32500 Rock Ridge Lane recently sang on Starlet Starway.

Oakland C.C. Offers Wide Programs

Oakland Community College will begin its fall term on Sept. 7. It is recommended that students register well before this time.

Part-time students are not required to take placement examinations unless they intend to work toward a degree.

Among the programs of interest to adults as well as youths are business, technical, engineering, science, mathematics, liberal arts and vocational. Course work may be taken at any time from 8 a.m. through 9:30 p.m., Monday through Friday.

The College feels that its apprenticeship and co-op work-study programs may be of interest to companies. It also feels that its pre-professional, professional, business and industrial inservice training programs may be of value.

Farmington Township branch next year. At present it has two campuses: the one at Auburn Hills, 2900 Featherstone Road, in Auburn Heights; and Highgate, 7350 Cooley Lake Road, in Union Lake.

Farmington Asks Parking Be Permitted

The Farmington Planning Commission has set Monday, August 8 as the date of public hearing on the application submitted by the Heenev-Sundquist Funeral Home for permission to provide for off-street parking on their present property, and for future off-street parking on the property in question.

The Planning Commission questions the existing zoning for this facility and it is noted that presently it is zoned R-1, One Family, and it would be a non-conforming use. It was suggested that a public hearing be established to cover the rezoning of the existing funeral home and also the rezoning of the lot at the west end of the lot from R-1 to R-1P, One Family Parking, to provide the off-street parking.

F'ton Students Attend WSU Music Program

Three students from Farmington Township have successfully completed Wayne State University's Summer Music Program.

They are: Marjorie Hockstead, 17, of 32410 Baintree; Leonard King, 17, of 2885 Elmlock; and Larry Loquist, 18, of 23870 Colchester. King and Loquist who studied band at Wayne, are from Farmington High. Miss Hockstead, who studied chorus at Wayne, is a student at North Farmington.

To Tighten Pool Requirements

The City of Farmington's Planning Commission is studying the desirability of amending the ordinance governing swimming pools. The Commission fears the present ordinance may not have adequate regulations for the large portable type pools which are becoming more common.

Will Decide Eddy's Fate In September

Rev. Robert Eddy is still Chairman of the Farmington Youth Guidance Committee. He less he resigns before then, his fate will not be decided until the Committee holds its regular business meeting next month. The Committee decided on this means of handling the situation created by Eddy's controversial advocacy of free marriages, after a two hour closed door meeting on Friday, July 31.

When the meeting was over, the Committee issued the following release to the press:

The General Citizens Youth Guidance Committee of Greater Farmington has had no recent official notice from the Farmington Township Board concerning the operation of this committee, and therefore, assumes it has been conducting its business with the approval of the Township Board. The Committee will have its regular meeting in September and at that time the normal business of the committee will be conducted including:

1. A review of membership procedures.
2. Appointment of a nominating committee to present a slate of officers.
3. Request, the whole matter of Mr. Eddy's relationship to the committee was discussed at the July 31 meeting.
4. At that time the September agenda was developed to include a further consideration of the issues raised.
5. The Guidance Committee unanimously endorses the strong and able leadership provided by Mr. Eddy. Under Mr. Eddy's chairmanship the Committee has shown tremendous growth. Listed below are a few areas representative of the committee's work:
 - A. Providing summer camp experiences for youth of Farmington.
 - B. Developing of employment resources for Farmington youth.
 - C. Providing psychological and medical services according to need.
 - D. Developing of a mailing service where the youth might

submit to a panel of experts problems of concern.

E. Exploring methods of strengthening relationships between the municipal bodies, school board and juvenile court.

3. Developing of a realistic budget and exploring ways of raising the budget. In addition to the above, the committee's revitalized interest and activities have received tremendous support from local service clubs, public and private agencies, and individuals within the Farmington area.

Night Baseball

The Farmington Postal employees have been granted permission by the City Council to use the city baseball field in the City Park on the next nine Sundays, with the exception of August 29.
