Many New Courses on PHS Program

By Margaret Rudloff
Every year as school begins again gets underway changes are rapidly noticeable. Not only has a new industrial wing been added, and "Candlestick Park" becomes a thing of the past, but many new courses have been added.

Four new math courses are offered by Plymouth High, including: applied math I, one year of solid and plane geometry combined; applied math III, a semester course in numerical and practical trigonometry; and shop math with a requirement of algebra.

Remedial English, based on reading capability and level; fourth year German, electronic and commercial art for third year art students.

Practical office, secretarial training and personal typing for college are three new business courses.

They left Thurston at 8 a.m. and returned home at 9 p.m. Miss Flanagan, Mr. Roman, Mrs. Scott, and Mrs. Wicks, composition teachers, accompanied the students.

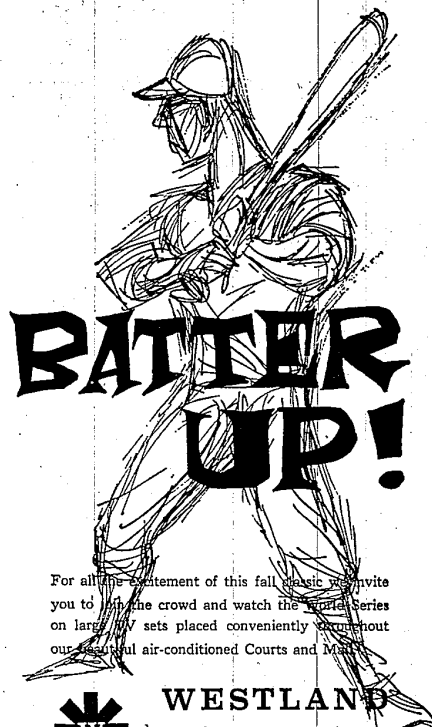

Juniors received their class rings Friday, Monday and Tuesday, September 24, 27, and 28. Senior pictures must be taken by Oct. 31, for the 1966 "Vita" yearbook. To make an appointment, call GA 6-3900.

Treats for the after-school play "The Great Big Doorstep" took place in the little auditorium Monday and Tuesday, October 4 and 5. The cast will be announced this week.
