At a 12:30 ceremony at St. Fabian's Catholic Church on Saturday, July 3, Karen Ann Columbia and Gerald Stanley Lamb exchanged wedding vows. The Reverend Richard Laugher officiated at the ceremony. A reception for 100 guests followed at the home of the bride's parents, Mr. and Mrs. Eddy W. Columbia, Green-Willow Road. Mr. Lamb is the son of Mr. and Mrs. Stanley Lamb of Detroit.

A yoke of chastity lace embroidered in seed pearls formed the entire bodice of the bride's silk shantung gown with elbow length sleeves and a chapel train. Her short illusion veil was held by an arrangement of lace and pearls. Her bouquet was of white carnations and baby's breath.

gowned alike in white lace over yellow taffeta, with yellow ribbon encircling the waist and forming a bow at the back with ribbon ends extending to the hemline. They carried baskets of yellow mums and greens.

The best man was Mr. Richard Reeve, of Detroit, and seating the guests were Kenneth Robbins and Paul Elsie.

After a honeymoon in North-ern Michigan, the couple will make their home in Detroit where the bridegroom is employed at Detroit Rubber Company. The new Mrs. Lamb will begin a teaching assignment in Lincoln Park in the fall.

## Summer Recreation Program Tiger Game Excursion Taken

The call of the umpire to "play ball" this past Saturday was accompanied by the cheers of 283 youngsters of the Farmington area. The game was cancelled. There didn't appear to be much dissatisfaction among the group when the game was called because of inclement weather at 3 p.m. The children were seated at 12:30 p.m. and the time was used to picnic in the stands and enjoy souvenirs bought from stadium vendors.

ONE HIGHLIGHT of the day was the witnessing of a Tiger-Son baseball game. Needless to say, the "good little boys" won. The score was 11 to 0. Al Kaine's youngest son hit the ball so hard that he used the right field wall as first base. The center field fence served as second base but sheer exhaustion caused him to be counted out. The laughter evoked by this and other such incidents was reward enough for our trip to the park. Hank Aguirre even got a base hit.

The tots of the Southern end of town will try their luck with the weatherman this coming Saturday, July 24. Buses will load at 10:15 a.m. and depart at 10:45 a.m. Arrival back should be approximately an hour and fifteen minutes after the ball game has ended. The bringing of a large size lunch is again suggested. There will be no playground activities for the South Section on Friday of this week. A Field Day is scheduled on Friday, July 30, for all eight playground sites. Children will compete in planned track and field events for prizes donated by merchants of the Farmington area. Response to the Commission's call to help make this day an enjoyable one for all youngsters has been warmly received by merchants in past years. It is hoped that this year will prove likewise.

## Mark 20th Anniversary of "Instaloan"

The Farmington Office of National Bank of Detroit is participating this month in a celebration of the Twentieth Anniversary of the Bank's Instaloan Department.

Francis H. Davis, Farmington Instaloan manager, said the Farmington office had been an important factor in building up NBD's record of more than 2,000,000 Instaloans totaling more than \$2,800,000,000.

Vice Presidents J. Edwin Cronander and William R. Hill, who head the department, have seen many changes since its establishment in July of 1945. At that time there were nine employees in the department; now there are 340. Average loan in 1945 was about \$400 and now it is approximately \$2,300. Instaloans (NBD's copyrighted name for consumer loans) now account for a substantially greater volume than all of the bank's loans and mortgages did in 1945.

The department undertakes to process all applications within two hours. On auto loans through dealers, which makes up a major portion of the Instaloan volume, the processing is handled with a half-hour or less, bank officials stated.

Personal loans have been granted for almost every conceivable worthwhile purpose—among the more unusual items have been: for a birthday party... a reducing course at a health studio... the adoption of a Korean War orphan... and two front teeth for a Little League catcher.
