A musical variety show staged as part of the Farmington Founders Day Festival, will be presented to all Farmington area residents and visitors on Friday, July 30 at the Farmington Junior High School at 33000 Thomas Street.

The program will be presented in two parts—a vaudeville sequence; and a musical comedy sequence—starting at 8:30 p.m. Participating groups will be the Kendallarks, the

McKenny Choristers and the Sweet Adelines. GEORGE ASSEMAN, director of the Kendallarks and over-all director of the show, stated this week that much time has been spent in planning the program and that a good production should be ready for the audience when the curtain goes up on Friday night. Mr. Assemany stated also that the Vaudeville section which is part one of the

show, that many vaudeville acts and old-time numbers will be presented. In the second part of the program, many favorite numbers from famous Broadway musicals will be sung, such as songs from "My Fair Lady," "Sound of Music," "Stop the World, I Want to Get Off," and others.

Bob Chesley and Norm Potts will M.C. the show, with Dorothy Sedick at the piano, Coyte Fischer on the banjo, and Carl Stewart on the drums. Katherine Kornmesser will perform a solo dance to "I Could Have Danced All Night." The program will feature other solo and individual acts, numbers, and will conclude with the 90-voice chorus singing "Climb Every Mountain." Dolis Brayton will sing "No Body."

Dorothy Sedick, director of the McKenny Choristers, and Margaret Raeside, director of the Sweet Adelines, have been rehearsing their groups for the show, which will be brought together in its entirety with two rehearsals during the week of July 28.

Tickets for the performance are 50 cents per person, or 25 cents per person with an active ticket. Mr. Assemany urged all Festival visitors to attend the program, which is an entirely new type of musical presentation to Farmington Summer audiences.

### A Good Citizen's Duties

BY LISA DOUGLAS

(Editor's Note: This is the prize-winning entry in the school district-wide citizenship study sponsored by the Farmington Kiwanis Club in June when Lisa was a 6th grade student at Wooddale School. Lisa received a family campership to a "Y" camp for her entry.)

"When you think of a good citizen, what do you think of? A person who obeys laws and rules? A person who sends money to charities? A person who tries to better laws, rules and conditions of the community or school? A good citizen is all of these things and more. He actually participates in the community's affairs. A GOOD CITIZEN tries to obey laws and rules explicitly. He tries to help others to obey these laws also. He sends money to charities if he can afford to, but this isn't necessary. A good citizen could be getting money from charities. He tries to better laws and rules. He votes if he is of voting age and it is at all possible. He usually keeps up with news down to that he can voice an opinion on them. He tries to better conditions in the community or school. If something is morally wrong, he tries to correct it. He also acts as an example for others. He makes visitors feel at home and he (or she) tries to give them a good impression of the community or school. He also keeps it neat. All these traits are summed up in two words: Good Citizen."
