

# Final Old Fashioned Fourth K'wood Sub. Report Made

**Financial Report — Helpers — Prize Winners**  
Here's the report that neighbors in Kendallwood have been patiently waiting for. Many subcommittee members to report in before this general report could be completed and what's the big picture of how much money, what went on behind the scenes and who won prizes — it's all here, thanks to the Farmington Enterprise.

**FINANCIAL REPORT**  
We had \$3.78 carried forward from the previous year, we collected \$400.50 and expenses totaled \$338.74, leaving a balance of \$61.76 to carry forward to next year. Since we don't have an association to provide a starting fund, we need more money than this to carry forward. What we really should have is \$150 at least so we can place purchase orders on the basis of money in hand instead of fervent hope.

**MANY SUBCOMMITTEES**  
The individuals contributed their own funds for expenses this year, and many contributed to the general fund even though they had other holiday plans. Contributors accounting for more than half of the donations to the general fund were the following 14 families: Armstrong, Beattie, Blum, Burchi, Fugo, Heyn, Liebert, Morawski, Nelson, Plesch, Witkand, Stavenick, Wendi and Wyck.

Expenses from the general fund were as follows: Program \$23.35; mosquito spray \$25; rent of 3 walkie-talkies \$15; parade and cleanup prizes \$120; school costumes \$20 estimated; prizes for fun races \$11.07; balloons and helium (less the \$35 deposit) \$34.32; and fireworks \$50.

**HELPERS**  
The treasurer was Doug Morawski and he was assisted by Marian Morawski, Cass Morawski and myself. The door-to-door fund raising subcommittee, under the chairman ship of Doris Helget, had Marian Spencer, Barbie Stevens, Celia Hoeking, Shirley Kujala, Marge Shields and Mrs. Lester Bell.

The buyer for all those parade prizes was Chris Dillon. Providing materials and making tags for officials was under the charge of Dolores Stevens, who had the following helpers: Audrey Owen, Doug Morawski, Randy Rose, Tommy Pew, Kim and Laurie Owen, Suzie Geddis, Kathleen Wieruff, Candy Rose and Mike Morawski.

**PROVIDING MATERIALS**  
and making tags for the parade was under the charge of Jeff Berlin, who had a large assist from his folks, also from Jean Fugo who got 400 safety pins, Tommy Fugo, Alan Burchi, Carl Goetzke and Steve Berlin. Not all these tags have been returned either.

Decorations at subdivision entrances, to serve as reminders, and along the parade route, were purchased, processed and installed by Jean Fugo and Ev Berlin, assisted by Ken and Tommy Fugo, Chuck, Jeff and Lana Berlin and Ingrid Nelson.

The speakers' stand was provided and built by Ralph Burchi from a very rough sketch by me. Alan Burchi decorated it and Irene Burchi topped it off with that wonderful Liberty Bell. The winners' circle stakes and other

props were provided, painted, set up and decorated by chairman Doug Morawski and the following helpers: Cass Morawski, Charlie Wende and Lynn Spencer. The exhibit in the school lobby on the Declaration of Independence and Franklin D. Roosevelt was under the charge of Marian Morawski and she had the help of Pam Thies.

**THOSE THAT HELPED**  
me on the birthday cake for the Yankee Doodle Dandies were Pam Thies, Maralee and Ray Murphy, Sid Nelson and Ellen Spencer. The pace car was provided by Al Blum and decorated by Dierdre and Ramoth Blum. Cass Morawski and his family and the sound crew decorated it and operated it. Jeff Berlin ran the phonograph for those Sousa marches and Doug Morawski served as a DJ for the sound crew. Al and I found it easier to act as our own roadmen.

The 16 subcommittee coordinators were Ray Murphy, George Gray, Leon Rose, George Geddis, Earl Schiller, Bill Watkins, Bob Starr, Jerry Ehlers, Doug Martin, Jack Keesgar, Larry Ponzick, Dolores Geddis, Ralph Burchi, Nancy Armstrong, Doris Helget and Kay Willitt.

It turned out that we had only two Yankee Doodle Dandies. That certainly was a pretty large group singing "Happy Birthday" to a lady and a gentleman. The parade was a success. The school costumes were a success. The fun races were a success. The prizes for fun races were a success. The balloons and helium were a success. The fireworks were a success.

**ROY RYSTRAND AND PAM**  
Thies made up the escort for Judge Beer, our popular Fourth of July Orator. **BOB MCKAY** had the mixed-baseball duff while Harry Anderson organized the square dancing, assisted by Fred Cook, and obtained the well known Walter Bone as caller. The fun races for the youngsters were under the chairmanship of Sue Stewart, and Sue was assisted by Jackie Willett, Mary Spencer, Barbie Stevens, Celia Hoeking, Shirley Kujala, Marge Shields and Mrs. Lester Bell.

The subcommittee for the parade prizes was under the chairmanship of Orlan Garcia and Nancy Heyn, consisted of: Angie Garcia, Sue Davidge, Angela Heyn, Linda Overfield, Steve Heyn, Brian Fitzgerald, Bob Gilmore, Gary Zerhan, Dave Douglas, Tony Garcia, Robin Murphy, Cindy Davis, Bob Gilles, Dave Negri, Bill Overfield, Jack Garcia, Bill and Jeanne Overdew, Jack Threlkeld, Phil Croese, Paul Bobenage and Bob Overfield.

**FRED COOK WAS** in charge of the subcommittee to assist Dr. Chelstein in the fine works, and he was helped by Gary Munro and Paul Cook.

**Grade School Principals Welcomed Here**  
The Farmington Department of Elementary School Principals welcomed three new elementary principals at a coffee hour reception August 5 at the Cloverdale School.

Received at the department membership by chairman Nick Abid, William Grace (School principal, was Lawrence G. Freedman, Walter J. Jablonski and Paul T. Randal. Mr. Freedman, former sixth grade teacher at Kenbrook School, will be principal at Highmeadow. Mr. Jablonski will be principal at Dwyer School. Mr. Randal will be principal at Beechview School.

**Book Stores**  
(Continued from Page 1)  
gust 21 and August 28 when the stores will be open from 9 a.m. until noon. After Labor Day and throughout the school year, the main book store at Farmington Junior High will be the only store in operation with hours from 9 a.m. to 4 p.m.

Parents and students are urged to go to the book store nearest their homes to avoid congestion and long waits. Used books have been equally distributed among the four stores and records of credit due on books turned in will be on file at all stores.

**Demonstrations on Tractors Requested**  
Demonstrations of the tractors and front end loaders provided to be purchased by the City of Farmington for the department of public works have been called for before the actual purchase is made.

There is only \$336 difference in price between the bids submitted by the two lowest bidders to sell their equipment to the city. City Manager John Dinan suggested the demonstrations before the actual purchases are made and councilmen expressed agreement with his feelings on this matter at their regular meeting Monday night, August 2.

**To Be Hired**  
(Continued from Page 1)  
ability of limiting those children who remain at school for lunch. Leland Clifford, board president, questioned the need for the study, since limiting the children who remain at school for lunch might defeat the purpose of the hot lunch program. Supt. Gerald V. Harrison stated that schools are run for the education of children, and the study would help to determine what is best for the children.

**Approve Funds To Improve Sites**  
A total of \$19,200 was approved by the Farmington Board of Education at a regular meeting on August 9, for site improvements at the Gil Road and Flinders schools. The funds will be used for grounds work to upgrade the appearance of the schools and to incorporate safety features.

Bill Bowman of K4 loaned us a posthole digger for the mortar pits. We had a dud which we waited for under Dr. Gluckstein's direction, but what we didn't have was an accident. Dr. Gluckstein was disturbed at the firecrackers and sparklers, so we're asking that none of these be brought to the grounds next year.

John Moss took care of the balloons and helium. The money situation was such that we came close to not ordering in time. That extra string which enabled balloons to be carried even higher was provided by Pat Beuerle. You boys and girls may be surprised to know that helium gas cost us more than the balloons.

Those assisting Fred Cook on clean-up of the school grounds the next day were Lynn Spencer, chief assistant, and Lora David. John Cook, Jeff Berlin, Sarah Stewart, Scott Stewart, Robert Fournier, Mike Lounerey, Brad Haffey, Mike Haffey, Karen and Edie Missavage, Randy and Ricky Louis, Lisa Cook, Ingrid Nelson, Liana Berlin, Gail Kouris, John Hurdley, Maria Stavenick and Laura Puzoski. We left the place cleaner than we found it.

**City Planners OK Re-zoning**  
Re-zoning of a parcel of land to the west of the Heeneys-Sundberg Funeral Home at the corner of Farmington Road and Oakland Avenue was officially recommended for approval by the City Planning Commission at the conclusion of a public hearing held before them on this matter.

The parcel which has approximately 500 feet of frontage on Farmington Road and is owned by the Heeneys-Sundberg Funeral Home will provide the funeral home with needed off-street parking space. The zoning change from residential to residential and parking.

The only assurance asked for by abutting property owners was that an adequate masonry wall be required to build the parking area from their property. The funeral home owners agreed to put up such a wall.

A zoning ordinance was also resolved. It seems that the property where the funeral home has been located for many years was never changed from R-1 (residential) to R-1-O (residential and office) and this zoning change was also recommended for approval.

The City Council must take final action on both these zoning changes before they become effective.

**Twp. to Study Electric Code**  
An objection from the Malpell Construction Company on the township's present electrical code regulations is being conducted on stud walls in club houses and other types of commercial buildings was requested in letter to the township board Monday night.

The contractor pointed out in his letter that Detroit and other municipalities do not have electrical regulations as stringent as this.

Supervisor Hall pointed out that these stricter regulations had been adopted after the big fire at the National Food Store on Ten Mile at Orchard Lake some years back where faulty wiring was believed to be the cause.

A study of these regulations was felt to be in order, however, and a Trustee Thomas Duke and Attorney Joseph T. Brennan were appointed to make the study and recommendations.

**Road Closed**  
(Continued from Page 1)  
sufficient time for base compaction has been allowed. In connection with the road improvement now in progress, the Township Board took action at its meeting Monday night authorizing the installation of a 12 inch water line and casement across the roadways in this area at this time on a separate contract. Campbell & Sons submitted the lowest bid of the two firms bidding for the work from the four requested to bid and was awarded the contract for \$4,900.

That of the line that will be extended westward before next fall to serve the Orchard Ridge College campus site and also other development in that area.

There will be a substantial savings realized by putting the line in under the roadway at this time, Supervisor Hall stated, since the roadway will not have to be torn up twice. The directors of the community college system also stressed made it clear that they will stand the cost of extending water facilities to their campus site before next fall so the township will get all its money back, Hall emphasized.

Hall estimated an almost \$30,000 savings by getting the work done at this time.

**Completes Home Artists Course**  
Mr. M. R. Calloutte, 32200 Stamen Cr. Dr., Farmington, has graduated from the Famous Artists Schools of Westchester, New York. Mr. Calloutte specialized in commercial art and illustration during his three year course with this home study school.

Directed by the school is a faculty of distinguished artists among whom are Norman Rockwell, Albert Dorne and W. Whitcomb.

**Twp. Re-zoning**  
(Continued from Page 1)  
felt it would be in his best interest to obtain to avoid any chance of "conflict of interest" charges later.

The second re-zoning approved was on a small parcel of land located on Orchard Lake Road between Broad and Whitewood streets south of 14 Mile Road. The zoning was changed from residential to residential and parking.

IT WAS pointed out that this had been a problem parcel for some time since a commercial building had been started there some years back when the residential zoning had been set in this area. A partially erected building at the site was an eyesore and the property became a dumping ground, Supervisor Court Hall stated.

Now the owner has completed the building and plans a nursery sales business there. The site has been cleaned up quite nicely, Hall commented.

**Nagel Named To J.A. Post**  
Edward P. Nagel, Jr. has been promoted to Director of Operations for Junior Achievement of Southeastern Michigan, Inc. in his new position he will direct the operations of the 17 Junior Achievement Business Centers located in the six-county Southeastern Michigan area, and will direct J.A.'s expansion activities. Mr. Nagel was formerly the Business Relations Director.

Mr. Nagel is married, the father of three children, and resides at 7112 Stonebrook Road in Birmingham, Michigan.

Junior Achievement is an educational program, designed for teenagers between the ages of 15 and 19, to teach them an understanding of the free enterprise system "by doing."

The achievers are recruited through the high schools in the fall and enroll at one of the 17 J.A. Business Centers in Southeastern Michigan.

**Fairview Bell To Ring Again**  
Some sentiment and tradition will be added to the proposed new Fairview elementary school.

At the request of Sylvia Schwartz, Farmington Board of Education trustee and administrators located the bell that was used to ring the old Fairview School on Grand River.

Board members, at a meeting on August 9, authorized architect Linn Smith to work out a way for the bell to be placed at the new school and be incorporated into the building plans and wire to be rung electrically.

**BOOK CORNER**  
Downtown Farmington Center 476-5270

**Twp. Master Plan**  
(Continued from Page 1)  
the second year will be what and how much more land area, if any, should be allowed for additional commercial and industrial development to provide a sound tax base for the community when totally developed.

During the third year a study of major roadways and expressways and the traffic flow and safety improvements that might be made will be conducted. Also to be studied will be the township's internal road system and the value of more connecting roads between subdivisions to provide a smoother flow of traffic, Leman stated.

**Approve Plans For New School**  
After a lengthy discussion on construction details for the proposed Fairview Elementary School, final plans and specifications were approved by the Farmington Board of Education at a regular meeting on August 9.

Minor changes were specified by the board, and after a heated debate, an alternate bid for gas heat was stipulated. The advertisement for bids appears in this issue of The Enterprise.

Bids will be opened at 8 p.m. on September 1, at the Administration Building. The new school, named after the old Fairview School on Grand River Avenue, is to be located in section one, between Inkster and Middlebrook roads and between 13 Mile and 14 Mile roads.

**Softball League Has Successful Year**  
1965 has been the most successful year for the recreation softball league. The league has now completed its season and will start tournament play.

The league standings are as follows:  
Williamson Realty 10 1 0  
Farmington Shell 9 2 0  
Superior Duro 8 2 0  
H.A. Smith Lumber 6 5 0  
St. Alexander 5 6 0  
Gordon Elect. 4 7 0  
Lincolnshire 4 7 0  
Sanderson Realty 4 7 0  
Roy Martini 4 7 0  
Lester Rooster 2 9 0  
K. of C. 0 11 0

Trophies are to be presented to the winners of their individual leagues.  
Farmington Civic League, Farmington Moose, Farmington Softball League, Williamson Realty, Farmington Slow Pitch League, Farmington Shell.

**Tuberculin Tests**  
The Farmington Board of Education on August 9, approved a request of the Oakland County Health Department that they be permitted to continue their tuberculosis detection project.

The Department will be giving tuberculin skin tests to children in grades one, five and nine during the coming school year.

result of having to negotiate with several different unions representing the various trades. The American Federation of State, County and Municipal Employees Union is so broad enough to represent all township employees and should state labor relations officials or the union bargaining agent on this matter.

Attorney Brennan promised to keep Township Board members informed on any future communications he has with state labor relations officials or the union bargaining agent on this matter.

**Meadowbrook Water: Contract Let**  
The awarding of a contract to the Nick Merrick & Sons Construction Company for the installation of water lines in the Meadowbrook Hills subdivisions was approved by the Township Board at its regular meeting Monday night.

The approval was made subject to the sales of bonds to finance the project. The bid opening on this bond sale is scheduled for Thursday night of this week.

Township officials were very pleased with the bid of \$126,614 plus engineering and other miscellaneous fees since it represented a total savings over the initial cost estimate for this project of approximately \$35,000. Both water and sewer lines are being extended into this subdivision in the southwest corner of the township and the sewer line construction bids came in higher than the original cost estimate, however.

If there are no hitches in the sale of bonds, the project should be able to be started in the very near future.

**Twp. Police Chief Praised On Jail**  
The jail facilities in the police department at the Farmington Township Hall which were recently inspected by officials of the State Department of Correction were termed very satisfactory. It was disclosed in a letter read at the regular Township Board meeting Monday night.

The state department officials praised Chief Irving Jackson and his force for the job they have done in maintaining a good jail. The only bad situation found was extensive damage to one of the toilet facilities in the cell area.

**LADIES STEP FORWARD STYLE WILES FOR DOUBLE FASHIONS**  
(Advertisement)  
The brisk, crisp look of a coat is the style for day wear. Its dressy-savvy appeal puts it in the knowingly gorgeous group — gives it surface simplicity with sophisticated appeal. For late-day elegance, Jean adds a small wiglet and ingeniously blends natural hair with the false piece to create a cluster of luxuriant curls at the crown. Bangs are brushed off the forehead for a smooth, austere line and from the back, strands are flicked lightly forward over the ear.

Headed for a matinee, cocktails or a dinner-dance, the lady's evening dress is a delicately pale colored silk crepe. The long, long, scooped neckline is a full of pleats are all part of the young fashion show this summer. Soaking of fashion if you don't have a wiglet and want your hair shined to star. Prescription: Perm for your special style at Jean's Be-Aire Beauty Salon. Call GR. 4-7810
