CHILDREN CLIMB, romp and crawl over the giant "play-forms" to be installed in the "Tot Lots" in Colony Park, new Mac-C, Inc., subdivision at 12 Mile Road and Farmington Road. Project features a huge 10 acre park area for exclusive use of subdivision residents. In addition to "Tot Lots," park area will feature walking paths, shade trees and sports equipment as governed by the wishes of the Colony Park Residents Association. Other "playforms" will be in the shape of porpoises, giant turtle and free-form objects.

## Park To Be Provided. In New Subdivision

In compliance with the most advanced trends in suburban planning, Mac-C Inc., 28400 Southfield, has included in its newest subdivision, Colony Park, provision for a landscaped park area for the exclusive use of the subdivision residents and their friends. Located on Farmington Road, between 12 and 13 Mile Roads, in Farmington Township, Colony Park represents a community of fine homes in the genuine Early American tradition. Planned by experts in the development of recreational facilities, the park will contain "tot lots" with immense concrete playforms. Swings, slides, sandboxes and other standard equipment will also be provided. An ice skating rink will be furnished for winter time use.

FOR THE ADULTS there will be walking paths, shade trees, benches, and a variety of sports facilities, the nature and extent of which will be governed by the wishes of the Colony Park Residents Association; the homeowner group the builder is helping to organize.

A stream which runs through the park area will be bridged at several points. Homes in Colony Park will be 3, 4 or 5 bedroom Colonials, Ranches and Split Levels ranging in price from \$30,000 to \$35,000. There are 182 lots in the entire project approximately 40 of which are adjacent to the park.

A September Grand Opening of the first models is planned.
