Bill and Effie Dorrough have had a busy month. Old time friends, Mr. and Mrs. Harold Repp whom they knew well when they lived in Detroit, but who have now retired to Tucson, Arizona, reached here the 3rd of the month and will remain until after Labor Day. The Dorrough's son, Tom, who has been living in Chicago while taking a training course with World Encyclopedia, came on with his wife, Jo Anne, and their two children, Michael and Sharon, to spend five days here enroute to their new home in Springfield, Mass. where he takes up his duties as Divisional Manager for World Encyclopedia. Three nieces of Effie's have been

taking turns spending a week here. Karen and Drissy have had their weeks, Kathy is spending this week in Wood Creek. Then, weekend before last, Effie's brother, Phil Chapp, with his wife surprised them by arriving from Homestead, Florida. A sister-in-law, Hattie Chapp, came up from Stamford, Ky. to be with her brother as much as possible. NEWLYWEDS Denis and Karen Sevakis are here in Wood Creek running the home on Salem and taking care of the two younger children while Frank and Elsie are enjoying a European tour. Peter and Marie MacInnis got back last Friday morning from four days in New York City and the World's Fair. Penny is spending a week here

with them while husband, Dan, is away on business. Eleanor Deschoff and the new daughter got home from the hospital last Saturday. Dick is having a week's vacation which he is spending right at home getting well acquainted with this new member of the family. The Renfrews — Jo, Maxine, Janine and Rodney — got home Saturday from a week at a cottage on Glen Lake near Traverse City. Janine will be a freshman at Michigan State when classes open Sept. 25. JERRY THOMPSON returned the end of last week from a week in Boston, Mass. where he attended the Christian Science 6th biennial meeting which was held at the Mother Church.

Welcome Back, Teachers

To the New Teachers in the Farmington School and to the teachers who return again this year . . . We Wish You a Most Successful Year!

IF WE HAD NO TEACHERS!

IF WE HAD NO TEACHERS

Our children would not learn to read or write . . . They would not benefit from history . . . the experiences of mankind through the centuries.

IF WE HAD NO TEACHERS

Our children would live in a world of ignorance and misunderstanding. The people of the world would exist in intellectual darkness . . . a darkness shrouding the present . . . preventing a bigger tomorrow.

IF WE HAD NO TEACHERS

Our children could not enjoy great literature of the world's writers . . . the music of the composers . . . the arts in their many forms.

IF WE HAD NO TEACHERS

Our children would not enjoy the thousands of scientific and medical discoveries that have benefited civilization.

FOR ALL THAT MAN HAS ACCOMPLISHED

In the years since the beginning of time, he has accomplished and will continue to make accomplishments only with the basic knowledge provided him by the teachers of the Past, Present and Future.
