

News From Briar Hill

FRAN MANN
626-5946

If you ever need help in tending to horses, just call Fran Mann, owner of a horse training school. Several weeks ago, a frightened horse was running on Briar Hill streets and was with the help of El Moreen, Peg Martilla and Joyce Hardin, cornered it and caught the horse. Perhaps you should call them the "Fearless Five".

You have only a few days to call and say goodbye to Martha Crockett's mother, Mrs. Gano, as she will be leaving some time the week of October 10 for California. She intends visiting there for a few months — and then going to Florida for the winter. She just can't take our Michigan winters anymore. Off to California by plane on Thursday, September 23, was Linda Andridge. She was accepted as a student at the Pasadena Playhouse. Her brother, Rick, is already in California making a name for himself as "The Seeds". They are on television on the West Coast and have cut several records. Who has the hidden talent — Lucy or Dick?

JOAN and BOB Babcock are the proud parents of a new baby girl named Sharon who was born September 5, weighing 6 lbs. 3 ozs. Eagerly welcoming her home were her brothers and sisters — David, 10; Steve, 9; Karen, 7; Nancy, 6; and Mark, 2. Baby Sharon had a rough start as she had to have five blood transfusions but now is doing fine.

Marian Gahagan will be hostess for the Briar Hill Book Club on Monday evening, October 11. Coffee and dessert is served from 8:30 to 9 and then the business meeting is held. Speaker for the evening is Mr. Douglas Race of Farmington Senior High who will talk on speed reading. If you cannot come, please call the hostess; and if anyone would like to join us, please call me for particulars.

I predicted high scores in the women's bowling league but I didn't realize how quickly they were to come. On Wednesday morning, September 29, Ruth Adams had a game of 208 but Anabelle Moffitt outdid herself by bowling 227. Makes quite a high target to aim for.

Grace and Bob MacLeod, along with daughter Barbara, joined the Carl Deats family, formerly of Briar Hill, for a weekend of camping at Pinck-

ney the weekend of September 25. There was a side trip to Helt—Michigan that is — and they decided to come home early Sunday before the freeze set in.

ALSO CAMPING that weekend—but not freezing in their new trailer—were the Moffitts. One weekend was spent in camping rally. The Moffitts are sold on, camping and spent three weeks sightseeing this summer out West.

Another address for your Christmas list is that of George and Mary Patterson who left their home on Old Bedford for a new one at 35029 Wood Drive, Livonia (Barton Hollow). Mary journeys back every Wednesday morning to try her luck in the Bowling League. Best wishes to them in their new home.

The "Every-other-Tuesday Bridge Club" met at the home of Lucy Andridge on Tuesday, September 28. The gals surprised themselves by playing five rounds, even with taking time out for lunch and chatter. Top prizes went to Dorothy Preston and Betty Hopkins with Grace MacLeod having the low score of the day.

Ann and Joe Stephen are proud to announce the birth of a new grandson born to their son Jack and his wife Lynn. Ann and Joe had spent the weekend of September 25 in Saginaw and on the way home picked up their granddaughter Bridget as Lynn was due for surgery the next day, but instead the baby chose to arrive Sunday evening. Congratulations to all.

ANOTHER NEW family in our midst is Helen and Sterling Mallon—next door neighbors of Lois and Herk Holmes. The rest of the family includes a son and daughter and the Sterlings moved here from Redford Township. Shirley and Robert Bondy, parents of Kim, 9 and Mark, 7, have been here quite awhile but never formally introduced. Their last address, was Livonia and Bob is another Ford Motor Company man.

The former Lemieux home is now occupied by Mary and Myron (Mike) Fabry. Their offspring include Sherry, 10; Mark, 9; Vicki, 7; Michael, 6; and Paula, 4. They arrived here on September 10 from Rochester, Minnesota and Mike is field manager for I.B.M. On behalf of Briar Hill may I welcome all of you and

hope you enjoy your new surroundings.

BIRTHDAY CANDLES will glow this month for Martha Lynn Slamy; Jeri Lynn Neumann; Debbie Wagener; Elizabeth Loeb; twins Lindsay and Liesa Johnson; teenager Bob Grassie and those over twenty, Hattie Lewis, Louis Holmes, and Sonny Wagonberg. Anniversary congratulations this month to Lucy and Dick Andridge and their neighbors, Connie and Jim Wingle.

For the women who are interested in becoming Red Cross Hospital Volunteers, another training class is being planned for the latter part of October. The classes are conducted at Botsford Inn and include one orientation class and five training classes, of two hours each. You would then serve at Botsford Hospital or any other hospital of your choice. If interested, call either Helen Bleakley, 474-3436 or Margaret Hooper, 356-5042.

Postpone Library Meet

The regular monthly meeting of the Board of Trustees of the Farmington District Library is being postponed this month to possibly the third week of October. This postponement is necessitated by the absence of President T. P. Czubiak in South Africa who is expected to return about mid-October, and the absence the week of October 12 of Secretary Mary F. Allison who will attend the annual conference of the Michigan Library Association in Traverse City. She will be elected Chairman-Elect of the Trustee Section of M.L.A. The date of the October monthly meeting will be published as soon as it is known. Since the public is invited to attend these meetings, the Board feels its responsibility in publishing its date of meeting.

Independence Green

FARMINGTON'S NEW LUXURY APARTMENTS

With the opening of Independence Green Apartment Development, Thomas A. Duke and George A. Duke, Jr., developers, builders and owners have today brought to the apartment market, a new concept of living. It has generally been accepted that to live within view of a rolling 18-hole golf course is a location generally reserved for expensive residences from \$40,000.00, often up to the hundreds of thousands of dollars.

Not so at Independence Green. Included with the magnificent view of the 18-hole course residents enjoy a modern luxurious apartment, complete with carpeting, drapes, Westinghouse washer and dryer, and, if desired, complete furnishings. In addition, tenants will have available to them probably one of the most magnificent Country Club facilities in the country modeled after the Independence Hall in Philadelphia. The exterior will be an exact imitation of size, style and detail of the historic building. The interior, however, will be redesigned to provide 38,000 square feet of floor area.

This tremendous size will be devoted to swimming pool, (indoors) club rooms, lounges, breakfast room, dining room, locker rooms, pro-shop for the golfers, offices, private dining rooms, bar, sauna bath, card rooms, ballroom, billiard rooms, t.v. rooms, library, teen room, sun deck, and other miscellaneous activity rooms. In addition to these facilities, the residents at Independence Green will soon have tennis courts and still more ideas are in the making. This comprehensive plan, which includes almost 2,000 apartments, varying in size from the efficiency to 4-bedroom luxury models, in addition to a 180-room motel and shopping center in the round, will offer tenants a quietude and luxury way of life, which cannot be compared.

The convenience of this location, immediately adjacent to "The world's largest interchange," allowing the residents to travel East, West, North or South on Ten Mile Road, Grand River, I-696, I-96 and the soon to be constructed I-275, is indeed appealing.

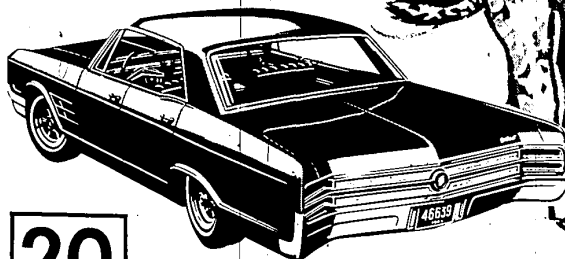

A golf course, a country club, and many activities is something which has received great enthusiasm. With so many facilities close by, well maintained, supervised and attractive, the residents may enjoy neighborly get-togethers and nightly entertainment. Beamed ceilings, chandeliers, paneled walls, fireplaces, swimming pools will lend an atmosphere of living like a millionaire at a low monthly cost.
