Newly Formed Boy Scout Troop at Nardin Park Has Court of Honor

The Nardin Park Methodist Church Boy Scout Troop 389 of Farmington, held its first court-of-honor on December 14 with 65 Scouts in attendance along with 200 guests and parents. Under the direction of Chairman Fritz Kalmey, a program with many highlights ensued.

Among these ten new inductees were seven orphan boys from the Sarah Fisher Home.

Mr. Frank Macielak explained and conferred second class badges to Alex Borden, Mark DeYoung, David Mitchell, Richard Ryan, Scott Stinnett and Tom Welti.

Mr. Lin Chalmers delivered the first class awards to Bill Atwell, Philip Deata, Robert Ewens, Rupert Hansen, Bruce Longfield and Richard McClure. Their principals, Mr. Lachman and Mr. Spink, awarded Philip Deata, James Eckel, Gregg Fritts, Bruce Longfield, Frank Macielak, Richard McClure, Mike Wypisznaki and Frank Denmore the merit badges from various departments. Some of the troop's objectives for the coming year, as described by the scoutmaster, are several camp-outs, summer camping, week-end camping, formation of a drill team, public service performances, fund raising, uniform exchange pool, and troop library.

The troop band escorted the meeting with taps and closed the scouts out with a musical rendition. All these festivities are planned and encouraged by the Boy Scout 389 committees composed of men interested in developing their time and energies to developing good citizens. Pat Reynolds admits she was wrong!

(She was sure electric dryers were more expensive. Then we showed her these money-saving facts.)

1. Gas dryers cost a couple of pennies less per load to operate; we'd be the first to admit it. But with electric dryers you still come out ahead. Read on.
2. Electric dryers cost less to buy. Model for model, prices run about \$20 to \$40 lower than gas dryers.
3. And now, for a limited time, this lower price includes installation and wiring, if needed, when you buy from one of the many dealers participating in this special sales event.
4. Electric dryers cost nothing for electrical repairs or labor. Gas dryers? Well, you can get a manufacturer's repair service policy—but it will cost you up to \$120 over the first five years of operation alone. Of course, if your dryer is electric, Edison comes out, repairs electric operating parts, and leaves without leaving you a bill! (It's the only no-charge dryer repair service offered by a utility company in this area.) Add up ALL the costs and you'll see what Pat Reynolds saw — electric dryers actually cost less to own.
