THE MARCH OF DIMES campaign for the City and Township of Farmington is under way with the Mothers' March scheduled January 24 through February 1. Farmington Chairman Harold A. Larson is pictured above with his secretary Ruth Erick holding a sample of the posters and canisters that are on display at business places throughout the community.

March of Dimes Campaign Slated

Harold A. Larson, Farmington attorney and 1966 Chairman of the March of Dimes campaign for both City and Township of Farmington, announced that plans are well under way for this year's drive.

He advised that the well-received Mothers' March will be conducted in our community from January 24 through February 1, although the school children's collection canisters and teen activities will be conducted throughout the month.

Larson pointed out the National Foundation — March of Dimes programs include birth defects and support for the Saik Institute for Biological Studies.

More than 250,000 American babies are born every year with serious birth defects, with at least 2,900,000 Americans being mentally retarded because of birth defects. Every year birth defects destroy more lives than cancer and stroke combined.

Refreshments will be served in the "All-Purpose Room" following the meeting.
