MIGHTY PEAK WAS MAZAMA

Highest on Pacific Coast Once, but Little Remains of it, at the Present Time.

The blobest mountain in Oregon

possibly ofen several influent.

This was the great Mount Maxama. But thousands of years ago this mountain disappeared into the bowels of the earth and all that is left today is the large rim around Crater lake. this mountain disappeared into the bowles of the earth and all that is left today is the large rim around Crater lake.

Crater lake is the calders of this ertinet and collapsed volcano and is nearly cix miles in diameter. The inside walls of the rim of the ancient mountain are in places nearly 4 000 feet him.

AUTO AILMENTS.

A formidable array of nervou A formidable array of newons and other, aliments has been charged against motoring the victims for the most part being women, indicating that this sport is overstrenuous for them. Among the aliments are the "auto eye" and the "auto leg." The auto eye is a spasm of the oliary The highest mountain in Oregon is Mount Hood, 11,235 feet above them. Among the ailments are the see level. Compared with Mount Whitney, to the the south in California, and Mount Rainier, to the morth in Washington, each rising well above 14,000 feet, Mount Hood does not appear as a kyseraper. However, according to the geologists of the United States geological aurrey and other authorities, Oregon had at one time, probably before the dawn of life upon the earth, a great volcano which towered as far above Mount Hood as does Mount Rainier, bossibly even several thousand feet and policy over hard roads.

FINISHED.
