

Melvin Cited for Service

Mr. and Mrs. Robert Winnie of the Kendallwood Subdivision took time to write to the Farmington Township Board commending the service performed by the Township's Heating Inspector Raymond Melvin.

A letter to the Township which was read by Supervisor Curt Hall stated that Melvin was at their home within an hour of a complaint about heating troubles.

The Winnies pointed out that this prompt service was done during the period Melvin was suspended along with four other building inspectors pending action by the Township Board.

HOLIDAY TIME brought many of Farmington's young people home for the holidays and to bring the home town people up to date on their progress.

TOM DONOGHUE who took some of those terrific pictures for the Observer stops by the office to say Hello. Tom is studying at the University of Missouri and was wearing the traditional garb of the student at Reynolds Hall where he lives. The Spanish influence of the early settlers is reflected in their outfit. A modified roll brim black sombrero, black levis, black shirt and red vest.

THERE'S BEEN SOME CHANGES MADE, could well have been the theme song of Tom's homecoming. First he drove up to a new home on Frederick St. instead of Belmont Drive, which he had formerly lived. His car was gone and a new one had been bought in his school colors—black and gold.

EDITOR OF THE HOUSE NEWS, irate readers have a novel method of expressing their displeasure. Tom soon learned. When he writes something they don't like, they don't use the letter box—they just descend upon him, en masse, hold him down, squirt him from head to foot with shaving cream!

DAVID M. BUSCH, son of the Lyman Busch of Randall St. was also home. David has now graduated from Michigan Tech at Houghton and will be going back to U.S. Steel in Gary, Ind. This was the last of a new experience for

DAVID, as he has worked there in the summer time. David could not distinguish terms at Michigan Tech, where he was President of the United Christian Fellowship, a d President of A.S.M. While home he visited friends in Toronto, Ontario, and Lexington.

NEW YEARS EVE, New Years Day and the Sunday afterward found everyone either going, coming, or attending parties. Rena and Donald So-well made the rubens of several parties New Year's Eve. Rena, who is so active in the Forest Park Garden Club, made a table centerpiece of white pom-poms and white iceberg glads and took it to one of the parties. They wound up the evening at the Charles Williams on Treadwell who had 30 people in for an evening of fun, widdling up with an informal buffet.

WE'VE SEEN A LOT of costume parties in our time but never ones like the ones at the Koops New Years Eve Beatnik party. The guests really went all out, brought bongos drums, even their own pot (small black containers) dressed in out-landish wigs!

OVER AT THE PASSFIELDS the guests were given Kentucky colonel ties, with 1965 on one side, and 1966 on the other. At the stroke of midnight, the ties were all turned to the correct date.

THE GEORGE BRUNERS, who love parties really hosted a terrific bash! Told everyone either come for the evening, stop on your way to a party, stop on your way home from one. Guests did just that, making the continuous party until the wee small hours. In fact, so much fun was everyone having, that it was hard to stop and greet the New Year.

CHILDREN ARE AS A RULE not included in New Year's Eve parties but at the Farmington Country Club they really contributed to the fun by taking on the task of decorating for the party and a beautiful job was done by them.

They used red, white and blue for the color scheme. The ceiling was completely covered with balloons. There were hats and banners and tiny garlands covered the light fixtures while an enormous sequined "Happy New Year" was festooned to the wall.
