

JIM YOUNGBLOOD is back at the Firestone Store in Livonia, located at Plymouth and Middlebelt Roads. Having made many friends here when he worked at the service station for three years, starting in May, 1960, he returns as store manager. The new boss said he would be delighted to see the many people he used to do business with.

Edison Eyes Entries For 'Cook-Off'

Entries are now being accepted for the fifth annual Detroit Edison Company cook-off to select the "Queen of the Kitchen" among women who work.

Electrical appliances will be awarded to 10 finalists. The grand prize is a new deluxe range. The "Queen" will have her choice of six models from nationally known manufacturers.

The special second prize will be an open-hearth smokeless broiler-roaster complete with which kabob attachment, and the third award will be a seven-speed blender. The other seven finalists will each receive an electrical appliance.

The cook-off is held each year in cooperation with the Central Business District Association's annual Salute to Women Who Work Week which begins on March 13 this year.

The contest is open to any girl or woman working full time who lives in Southeastern Michigan.

Each is invited to submit a recipe for a one-dish meal that can be cooked in an hour or less. The recipe should be sent to Electric Living, 2000 Second, Detroit, Michigan 48226, or to the local Edison office.

Deadline for entries is midnight, Tuesday, March 1.

Each entry must include name, address, telephone number and occupation. The contestant must be able to compete in the cook-off which will be held in Edison's Electric Living Kitchens in Detroit on Thursday, March 17.

Ford Wins 20 Awards From NFPA

The grand award in the competition's industrial division went to the Ford Los Angeles Assembly Plant. It became the third Ford facility in four years to win first place.

Ford also won an NFPA Certificate of Merit for the eighth consecutive year.

Plants which took part in the contest submitted documented reports describing their year-round fire-prevention programs, including details on equipment testing, employee training, visits by local fire officials and support by employee publications.
