Know How to Decorate an Egg?

Forest Park Garden Club will meet Tuesday, Feb. 15 at the home of Mrs. S. J. Sharp, 22940 Tredwell at 8 p.m. sharp. Sue Dwyer of the Hill and Dale Garden Club will give a demonstration on Egg Decorating.

Eggs should be prepared ahead of time by doing the following: take two eggs and warm to room temperature (about one hour).

Poke a hole at both ends close to the center with a needle or a pin. Shake egg several times until the whites start to ooze out, then blow out the contents. If this does not work the first time, pierce egg again to break membrane and repeat process.

Supplies needed should include: hot pin, tooth-picks, cuticle and regular scissors, and Elmer's glue. Suggested trim can include: cord or bead or thin velvet ribbon to make hangers, rick-rack, broken jewelry, jewelry stones, artificial flowers (miniature), pretty but not crushed glass, bugle beads, seed pearls, regular beads and sequins.

For an egg with a scene in the center, cut out an appropriate scene from a Christmas or greeting card, leaving enough surrounding blank area for better determining size.

Last but not least, bring a box padded with cotton or kleenex to carry your treasure home.

MAFS Plans April Party to Raise Funds
