Les worked to get the new Northwest Suburban
League going. Teans like Thurston, Franklin, North
Farmington and Glenn are all in this circuit.
Of late, Les had been arranging the first varsity
schedules for Stevenson High, which in the fall will
plunge into the Interlakes Conference League.
Les for five years ran the summer recreation
program in Livonia before he turned all his allegiance
to summer swimming.

You'll find his name on the charter list of gentlemen who founded the Michigan High School Athletic Directors Association. He served as the group's president in 1963-64 and secretary for many years.

Les frequently would talk about the directors' meeting.

He and his colleagues would meet on a day off from school . . . and they'd thrash out the problems each was facing in his area. Their aim: Better schoolboy athletics and help the kids.

kids.

Les also was among the first to join the State Coaches Association. Wherever he went, he was a

popular guy.

State Prep Director Charles Forsythe always
counted on Les to run a state district or regional
basketball tournament; some years both.

pasketball tournament; some years both.

Bentley also hosted many a 'quarterfinal contest
... and many a regional track meet.

Forsythe knew that with Les Anders on the job
everything would run smoothly. It did.

You would have to say that the community of Livonia and its surrounding is better off, thanks to Les Anders.

Livonia wasn't too-much when Anders arrived from Hancock in 1948.

He has left a thriving metropolis, one of the state's fastest growing.

As we said, he has left his imprint on thousands of students, many of whom today are mothers and fathers of their own kids who aircady were beginning to feel the influence of Les Anders.

ng to feel the influence of Les Anders. Les is gone . . . too soon to be sure. He was just 49. The show, of course, goes on. It never stops. But somehow, we're certain that the name of Les fers never will die around the schools of Livonia. Much of Les Anders lives on.
