The committee promises a beautifully decorated gym with an old-fashioned atmosphere, but they'll have quite a job pur-

passing the decor for last year's "Heart of My Heart" dance, by far the most spectacular Valentine's dance ever held at St. Agatha's.

Student Activity at Stevenson Flourishes

By Paul Pender

A flurry of activity typifies the atmosphere at Stevenson High these days. With the grading period and final exams just over, student interest in clubs and extra-curricular activities has reached a new high.

The members of various school clubs are presently involved in planning trips. The newly formed Stevenson Experimental Electronics Guild is planning a field trip to the nuclear power plant in Ann Arbor. The members of the Girls Athletic Association are scheduled to bowl at Merri-Bowl Lanes in the near future.

As soon as conditions permit, the Ski Club plans to take its third ski trip. This club sponsored the successful "Ski Ball" On February 25, the staff of the Ambassador, the new school newspaper, will sponsor "The Dance of the Year." The funds received will go to the com-

mittee working on the school yearbook.

The subject of purchasing school or class rings has been taken up by the Student Council. Mr. Peterson, Director of Student Activities, hopes that students will be able to buy rings before the expiration of the school term.

The Stevenson High School Choir provided entertainment for the Founder's Day Dinner at Franklin High School auditorium on Feb. 3. The choir sang a varied program of folk and popular music, featuring Susan Byer and Harry Cadieux as soloists.

The sustaining interest which has generated student enthusiasm continues to form a foundation for a "Stevenson tradition" of striving for excellence in both academic and student body activities.
