Bank Sponsors College Booklet

A 32-page booklet, titled "What About College?", designed to answer the questions of high school students and their parents about college is being made available to Livonia area schools as a community service of Livonia National Bank.

This booklet is divided into two main sections — the first for students and the second to be shared with their parents. It tells students why a college education should be their goal and how this can be accomplished.

The basic questions of students — where to get information, when to take action, how to make decisions — are all answered in this new reference source.

The Special Section aimed at parents is entitled "Guide to College Costs." It gives accurate estimates of the cost of a college education and other ways to save money. It details how to pay for college, how to apply for scholarships and grants-in-aid and how to obtain loans. It also explains the work-study program offered by many colleges.
