

Father Donates a Healthy Kidney for His Stricken Son

Assistance for the Charles Hicks family of Livonia has come from many areas and in many forms.

The family has been money, food, clothing and even blood. One of the most important donations, however, has come from Charles Hicks' father, Vernon Hicks of Flanders in Farmington. Hicks, 62, has donated his healthy kidney to his son.

Charles Hicks, the son, who is 26 years old, was stricken with a mechanical kidney. This is the only way he can survive

until such time as a kidney through tests which indicated transplantation was possible his own kidney could be used. This week his father Vern, by his son.

One who has two other sons. The young Hicks family, unlike 22, one 18, at home, went able to earn any money. Went

through their savings with \$250 in the fund. Addition bowlers at Merrimac Bowling Lanes, under the guidance of owner Mar Goldman, collected \$100.

Members of St. Matthew's Church of Livonia collected clothing. Several ladies collected canned goods. For food or clothing call Mrs. Joseph Drost, GA 2-2026; Mrs. Vickie Peltier, GA 7-0218 or Mrs. William Wileman, 425-6500.

Anyone wishing to donate a pint of blood please call GA 2-2787 for further information. Before Hicks goes through his critical operation he will accumulate a pint of blood. He has had to have 29 pints to date and approximately nine have been replaced.

If John Lewis, Deputy Grand Master of the Michigan Masonic Lodges in 1876, were to return to the Farmington Masonic Lodge today he probably wouldn't be able to find his way around the Lodge.

The Lodge — like everything else — has changed since the Deputy Grand Master dedicated it in 1876. At that time the Farmington Masons were moving into a brand new building. The Farmington Township offices were housed downstairs while the Masons called the second story of the building home.

Today — after 90 years — the building which has been expanded and, at one time, housed the offices for both the Township and the City is the home base of only the Masons.

In 1963 the Masons purchased the Township's share of the building and set about to remodel and renovate it. Today the building has the freshly painted, sparkly look of newly decorated old buildings. (After all the Lodge is 90 years old.)

Quite frankly the building fascinates us. We can't help thinking that it must arouse some curiosity in other people in the community.

The first floor of the building now houses the dining room and kitchen plus a coat room. One end of the huge room has a piano.

Upstairs partitions have been erected to allow for a good size Lodge Room, an entranceway to the Room and a lobby. A large staircase leading to the upstairs has also been added.

As we said, John Lewis wouldn't recognize the building.

All in all it's quite a change from a combination Masonic Lodge and governmental building.

The membership of the Lodge has grown with the times. Today it numbers more than 500 and the Lodge provides facilities for four other related groups, the DeMolay, the Order of Eastern Star, Job's Daughters, and White Shrine.

It's an impressive building for an impressive organization.
