# HOW TO PICK A REALTY OFFICE

There are dozens of brokers in the realty business. But how can you tell which one is the right one to help you?

One of the few ways in which they differ is their attitude toward prospects. Most realtors, like most businessmen, will glady give you their full attention and assistance if they think you are "almost sold." A few will give you the same 100% service even if you are "just looking."
Modesty prevents us from naming a prime example of the latter group.
