5 Hour Antiquing Kit

Latex Formula Adds Elegance with Ease

Do it in 3 quick steps

1⁹⁹

Sears new system of antiquing lets you achieve the same high quality antique finish used by leading furniture manufacturers, in only 5 hours. Here's all you do: apply the latex base coat and let dry for 4 hours, apply antiquing glaze and wipe off in a minute or two. After 30 minutes sand the surface lightly with sandpaper provided. Complete kit in 4 popular colors. Enough material for large chest, 4 chairs, or a TV console.

SAVE 64c! Sears Interior Latex Flat Paint

Regular \$2.97 **2³³** Gallon

Good coverage and wear plus latex decorating ease. Apply with brush or roller. No "painty" odor, soapy water cleans tools. Dries in one hour.

SAVE 62c! Enamel

Hard, lead-free colorfast enamel for inside or outside.

Regular \$2.29 **1⁶⁷**qt.

GUARANTEE

Color Fast Enamel, when applied according to directions, is guaranteed not to fade for two years from date of sale on any interior or exterior surface. If fading occurs from any cause whatsoever, we will furnish without further cost, additional paint to recover the faded surface, or refund the purchase price.
