

# Hope to Get Summer Work for 4,000 Youngsters

# Observer, Alexander Hamilton Join in Jobs Drive

The Observer Newspapers will publish during the months of May and June approximately 4,000 job wanted ads from area junior and senior high school students who are looking for work.

This will be the first year a community service of this kind will be done on such a large scale. The combined efforts of the Observer Newspapers and The Alexander Hamilton Life Insurance Company of Plymouth make this vast project possible.

We recommend that every reader of the Observer Newspapers study these ads carefully to see if there is some boy or girl listed who can do EXACTLY the job you want done this summer.

Teen-agers are too often erroneously portrayed as lazy, too carefree and unconcerned about the harsh, hard work and realities of life. We do not agree with that view.

As we know them, teen-agers are mighty fine

people who, if given half a chance, will work for every dime they earn. They're dependable, honest and willing. Of course, there are exceptions. But, they make up only a very small fraction of the whole group of teen-agers.

The response to our offer to publish an ad free for a junior or senior high school student who wants to work proves that they are serious about finding and holding employment. In many cases, the amount of

money they are able to earn this summer will determine whether they go to college next fall.

To adults may we suggest that you share the work. Let some boys get in shape for fall football by pushing your lawnmower, weeding your flowerbeds or minding your children while you take it easy and get more enjoyment out of life.

Busy boys and girls don't get into trouble. The young person who has a good job isn't going to become a juvenile delinquent. They're on their way to becoming good productive citizens, not public charges.

But none of this can happen unless YOU, the potential employers, find and offer work to these people.

They want to work. Will you give them a chance to prove it?

## D'Adamo Buys Land Option

Gerald D'Adamo now owns the contract to the 1.99 acres on Cherry Hill between Farmington and Veeney Eds. where he is hoping to build an apartment project.

D'Adamo told The Observer he acquired the contract to the property between the time the Council denied his retaining request and April 14 when he appeared before the Garden City Planning Commission once again for approval.

For over eight months now, D'Adamo had been trying to resell the above acreage, near S. Veeney Circle, from residential to multiple dwelling to build an apartment complex.

He was denied once at the Planning Commission but revised site plans and after two more Commission meetings gained the approval of that body. The Council, however, overrode its Planning Commission and denied the rezoning.

During his earlier appeals, D'Adamo was subcontracting the property from another person but since has purchased the option on the property.

A public hearing has been set by the Planning Commission for May 12 to hear the matter again. Although some owners have protested the apartments, D'Adamo says the residents in the immediate area are in favor of his project.

**Redford Airman**  
**Off to Germany**

Second Lt. Mark T. Rymasz, son of Mr. and Mrs. Mark R. Rymasz, 16720 Norborne, Redford Township has been awarded U.S. Air Force silver pilot wings upon graduation at Laughlin AFB, Tex.

Lieutenant Rymasz is being assigned to Bitburg, AB, Germany, for flying duty with the U.S. Air Force in Europe. America's overseas air arm assigned to NATO.

## Park Boating Facilities Open for '66

The Boat Rental Building at Kensington Metropolitan Park southeast of Brighton opened for the 1966 season on Saturday, April 30, according to David O. Laidlow, park superintendent.

Over 110 aluminum boats are available for rent, \$5 deposit required, 75 cents per hour, \$1 minimum charge. Maximum charges are \$2.50 weekdays and \$4.50 on Sundays and holidays. Persons may supply their own motors, limited to 7 1/2 horsepower, for use on rented boats.

Safety cushions are available for rent, however, the park does not rent outboard motors, nor does it supply fishing tackle, bait or gasoline.

Other boating facilities at the park include two launching ramps and Canoe Island. Ideal for overnight camping by persons with their own canoe.

There is no charge for boat launching, permitted daily at two ramps from sunrise to sunset at the 12,000-acre Kent Lake, which is one of the most popular fishing sites in southeastern Michigan. No water skiing is permitted on Kent Lake and there is a 10 miles per hour speed limit.

Boaters are required to obtain a boat launching permit, issued without charge and good for the 1966 season, prior to launching their craft. These are available at the park office when the ramps are unmanned. Trailers, cars and boats are not permitted to remain in Kensington Park overnight, except for boats in slip rental spaces.

**MOST RELIABLE**  
It frequently happens that the best garden is the one that is put up in cans.

## PATIENTS COME FROM 50-MILE RADIUS

# University Hospital Finds 1,000 Beds Not Enough

ANN ARBOR—Forty years from cities having populations over 10,000," says Laetz.

Sixty to seventy-five per cent arrive with a doctor's letter of referral.

The survey also reveals nearly 80 per cent of University Hospital patients have insurance coverage and 13 per cent qualify under one of the federal, state or county welfare agencies programs.

Only eight per cent of the patients pay their entire bill without third party assistance. These fees from patients enable the hospital to be self-supporting.

Laetz pointed out that the number of indigent patients has progressively decreased

## Science Fair Ribbons Won

Seventeen Lola Valley Junior High School students were awarded blue ribbons for excellence in the recently completed Metropolitan Science Fair, and three—Carol Jewett, first place; Kathy Considine, second place; and Ronald Range, third place—were among the very top group in the entire metropolitan area.

The other students are: Janice Cassidy, Dawn Savich, Valerie Louderback, Susan Morris, Kathy Considine, Carol Jewett, Mark Harding, Leslie Rice, Denise Downer, Connie Kuryk, Alan Vore, Patti Klopf, John Hieronymus, Randy Link, Ron Range, Norman Jakust, and Glen Siebert.

The first three place winners and their parents, and Mrs. Julia Jewell, RU Science Fair sponsor, were guests of honor at a dinner and awards meeting following the contest judging.

Besides receiving a plaque for excellence among the first three, Carol Jewett received a \$50 bond, and Kathy Considine received a \$25 bond.

Lola Valley also received a plaque to be displayed in the school.

## Get the extra security of 117 years of continuous service, plus

# 5%

Open your TimeDeposits account in amounts of one thousand dollars or more; make additional deposits in amounts of one hundred dollars or more. Keep them on deposit for six months and we will add 5% interest compounded semi-annually.

If you prefer to save smaller amounts, more often, choose a regular savings account. Your money earns 4% annual rate, compounded and paid quarterly.

And when you save at Detroit Bank & Trust, you enjoy the knowledge that your savings are protected by a bank continuously in operation for more than 117 years. You can take advantage of complete banking and trust services, plus the convenience of 70 offices. All told, they're mighty good reasons to keep your "eggs" in our savings basket.
