

Garden City Program Offers Summer Activities

The Garden City Parks and Recreation Dept. will open its summer playground schedule next Wednesday with a full program of activities offered. The seven-week program will be held at the playgrounds at Douglas, Henry, Ruff, Marquette, Memorial, Lathers, Maplewood, and Farmington schools for the period from June 29-Aug. 11. A department brochure points out that each playground will be supervised by trained and experienced leaders.

KEN BAUMAN (right), 3480 Seven Mile Road, Livonia, accepts a scholarship certificate from William C. Pine, Ford Motor Company Fund Scholarship Program director, at an awards convocation in Dearborn. He was among 72 winners of 1966 Ford Fund scholarships attending a three-day conference. During their visit, the students toured Ford Motor Company's Rouge manufacturing facilities, Henry Ford Museum, Greenfield Village and other points of interest. The four-year scholarships, awarded to sons and daughters of Ford Motor Company employees, pay tuition and a major portion of living expenses to any accredited institution selected by winners.

Sorrow's Student Gets Certificate

EAST LANSING. — William D. Buregel, 17555 Middlebelt, Livonia, a student at Our Lady of Sorrows High School in Farmington, has received a certificate for successful completion of Michigan State University's third annual High School Engineering Institute.

A total of 88 students from Michigan and three other states participated in the three-week summer program, which concluded July 1.

The institute, offered to outstanding high school juniors and seniors with special talent in science and mathematics, was designed to give them a broader understanding of the variety and importance of the engineering profession in today's world.

Faculty from Michigan State and other universities provided instruction in chemical, electrical, mechanical and metallurgical engineering, computer orientation and bioengineering.

The institute is a continuing education program of MSU's College of Engineering.
