Dreamhome Dreaming?
If somewhere there's a house in your future but you're not ready now, most people we've dealt with have had the same dream. It's not in short supply and mortgage money is impossible but we're not Americans for nothing. If you own a house now it may be a much better asset than you think, so with or without a house come in. If it's really impossible you'll at least get a lot of sympathy.

Example: E.C. owned a 2-year-old 3-bedroom farm house without a basement on Farmington just south of Plymouth. E.C. was dreaming of a house on the lake, he figured 2 jobs and 5 years might do it, in 2 weeks we made his dream a reality with \$500 to spare.
