

Judge Donald E. Adams to Seek Re-Election to Probate Court

Probate Judge Donald E. Adams has filed with the Oakland County Clerk an affidavit of his candidacy in the primary election to succeed himself for a six year term on the probate court bench. Under the Constitution of 1963 an elected incumbent judge may become a candidate for reelection by filing a declaration of his intent at least 120 days prior to the date of the primary election. Judge Adams is seeking his third elective term.

This year, in addition to the six year term for which Judge Adams is a candidate, there will be an election for a third probate judge to serve an initial eight year term. The legislature authorized the addition of a third probate judge for Oakland County Board of Supervisors passed the necessary resolution authorizing the nomination and election of a third judge in 1960.

JUDGE ADAMS, during his past two terms, has taken part in numerous civic activities in the field of mental health and juvenile affairs. He is a member of the Oakland County Community Mental Health Services Board, on the executive committee for Camp Oakland, and on the board of directors of both the Pontiac and Waterford Boys Clubs. He is vice-president of Michigan's Chapter of the Courts of Children, Inc. He has spoken before numerous groups on the county's juvenile program and on the changing world of mental health.

In commenting on his bid for reelection, Judge Adams said: "In seeking this office originally I made the following statement. 'Few positions offer greater opportunity for public service than that of Judge of Probate. Since the Judge of Probate handles problems of juveniles, the mentally ill, and estates of deceased persons, the Probate Court more than any other that the judge deals directly with the rights and individual liberties of persons appearing before him. It is essential that he like people in every walk of life and that he understand human nature.'

"The approach and attitude of a judge has to be different from that of an attorney advocating his client's case, or of a prosecutor. Throughout my professional career I have been consciously exercising judicial responsibility and have worked constantly to develop those qualities which are required in a good judge, seeking to emphasize the points which lead to better administration of justice and to avoid the problems which destroy confidence in our courts. I believe that courts should be conducted with dignity and impartiality, and that every effort should be made to protect the constitutional and personal rights of all parties. A judge must keep his sense of balance and not let personal prejudice nor outside pressures influence his judgments — in short, he must have judicial temperament."

JUDGE ADAMS served as an officer in the United States Naval Reserve during World War II and until recently was officer in charge of the Pontiac Branch of the Reserve Officers School. Following the war he was appointed to serve as State Public Administrator for Oakland County, a position requiring the handling of estates.

In 1934 he received his Bachelor of Arts degree from the University of Michigan and in 1938 was graduated from the University of Michigan Law School.

Judge Adams lives with his wife, the former Elizabeth Sparks, and his son on the shore of Silver Lake on the farm where he was born.

Boy Scout Fund Drive Underway

The fund drive of Clinton Valley Council of the Boy Scouts of America is progressing with encouraging support from the public. The goal of \$500,000 for the purchase and outfitting of the Lost Lake Scout Reservation will be met, according to the rate of initial pledges.

Mr. John Walzke, 2431 St. Mary Court, Farmington, is Campaign Chairman for the Farmington area, a position that \$187,000 had been pledged as of April 25. The drive will continue until June 20.

LOST LAKE SCOUT RESERVATION is the newly purchased site near Lake Michigan to serve the needs of over 11,000 Boy Scouts of the Council, which includes virtually all of Oakland and Macomb Counties, including Farmington.

The Reservation of 2,384 acres of lakes, fields and streams, was purchased in an effort to preserve the success of the drive. The selection of the site is the result of a three-year search for such grounds which are becoming unavailable in the lower peninsula.

"The vast population of the two-county Council dictates the need for such a facility. The only present property is Camp Agawam of only 115 acres which was purchased in 1918 when there were only 200 boys registered. Present membership is due to increase to 30,000 boys by 1975. Camp Agawam will only camp 160 boys, indicating the urgency for obtaining Lost Lake Scout Reservation, which will serve the needs for many years," Walzke stated.

Pole Vault

★ Continued from page 1

before he finally went over on his third and last try, then went on to make 12'3" on his first attempt. Then, he went over 13'6" on his second jump, and thrilled the crowd as he flew over 14 feet on his third try.

"He had been hot and cold all day," Douglas Race, track coach at FHS stated. "We're both quite elated, of course, but I was confident that he could do it."

Short will now make the transition to a heavier, stronger pole, in the hope that he can go higher still.

"With the new pole," he said, "I'll raise my grip, and the pole will also straighten out quicker than the one I have been using." Short contends that his main problem with the new pole will be "stalling out," or falling back once he gets up in the air.

In other events at the Central Michigan Relays, Farmington picked up four points as Bob Donovan, George Jackson, Mike Hines, and Joe Watson combined for a fourth place finish in the Distance Medley.

Hamlin Attends N.Y. Conference

Delos Hamlin, Chairman of the Oakland County Board of Supervisors, attended the Spring session of The American Assembly at Arden House in Harriman, N.Y.

The American Assembly was established by General Dwight Eisenhower at Columbia University in 1950. It holds non-partisan Assemblies and publishes authoritative books to illuminate issues of the United States policy.

As an affiliate of Columbia University, the Assembly seeks to provide information, stimulate discussion and evoke independent conclusions in matters of vital public interest.

The spring session discussed the updating of legislative procedures. At the close of the daily sessions, the participants adopted a final report of findings and recommendations. These will be published in pamphlet form and circulated widely to libraries, businesses, public agencies educational institutions, non-governmental organizations and service groups.

In this way, the deliberations of the Assembly sessions are continued and extended to a highly successful degree of effectiveness.

Clean-up Campaign

★ Continued from page 1

their trash at the curb and ready to be picked up before 7:30 a.m. on collection days.

Two dates have been set in Farmington Township for special trash pickup days during the annual Spring Clean-Up in May. Residents can get rid of old stoves, refrigerators and other cumbersome items collecting dust and getting in the way around the house on May 10 (for those south of Ten Mile Road) and May 21 (all residents north of Ten Mile). If an additional day is needed to complete the special pickups, the Monday following May 21 will be used. No junk cars will be picked up, it was pointed out, but a warning was served by Township officials that surveillance on junk cars can be expected during the Clean-Up Campaign. Junk cars (unlicensed) not moved within 60 days are in violation of the Township's Anti-Blight Ordinance.

To aid you in your special clean-up and fix-up projects during the campaign, several local retail establishments in the area have in this week's edition of The Enterprise some special buys on equipment and materials you will need. Look over the ads carefully for the materials and supplies.

Rezoning Fees To Be Higher

The Township Planning Commission, at a regular meeting on April 27, recommended a fee of \$150 for rezoning requests. If approved by the Township Board, a deposit of \$150 will be required for each rezoning request.

If a public hearing is held on the request, the full \$150 will be retained. However, if the petition is denied, \$75 will be returned to the petitioner.

City Council

in height will be painted to give the illusion of doors and windows.

Councilman Ralph Yoder said the proposed improvements to the boat would provide an addition to park playground equipment and offered the motion, which was seconded by Councilman John Allen, to approve the Jaycee project. "I move to bury the boat," Yoder quipped in making his motion.

IN OTHER ACTION taken at Monday night's Council meeting, a request from the Farmington Elks for permission to tap into the City sewer system on Orchard Lake Road was tabled until the next meeting because only three of the five Council members were present Monday night and it was felt the views of the full Council should be counted on the request.

Permission was granted by the Council for use of the City Park on June 19 for Cub Scouts of Pack 168 which is planning its annual picnic on that date in the Park.

A letter from the U.S. Department of Commerce requesting a proclamation for the City designating Maritime Day on May 22 was received and filed by the Council. Also received were letters from State Representative Ray D. Baker of the 6th State House District and from Gibraltar, Michigan pertaining to infringement of "Home Rule". Baker stated in his letter to the Council bills listed the earlier City communication with him designed to curb home rule all "died in committee."

THE RESIGNATION of Richard E. Duncan from the City Planning Commission was received by the Council Monday night. The Council authorized the letter be sent to Duncan in appreciation for his service to the City.

A request from William Wildman of north Farmington Township for use of the lighted ball diamond in the City Park from 6-10 p.m. on Sunday nights was denied by the Council.

JOHN O'GREEN OF O'GREEN Ford in Farmington is pictured above offering congratulations to Delos Hamlin, Chairman of the Farmington Township Board of Supervisors, for his participation in the Flatrock Race Track. Grant's 1958 Ford model modified stock car is powered by a 427 cubic inch high riser engine and has completed at Flatrock, Toledo Raceway and the State Fairgrounds. O'Green Ford sponsors Grant who is a supervisor at the Ford Motor Company's Wayne Assembly Plant and makes his home in Farmington.

St. Police Post Warner Re-Zoning Open House Set

Sgt. Richard Graham, commanding officer of the Detroit Police Post of the State Police, has issued a reminder that open house will be held at the post Friday, May 20. Hospitality Day of Michigan Week.

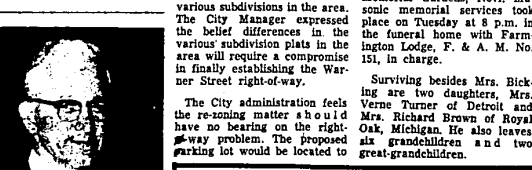

Visiting hours will be from 8 a.m. to 6 p.m.

"Everyone is invited and we hope there will be a good turnout," Sgt. Graham said. "This is a special opportunity to see how a post operates and the services performed. Officers will act as guides and answer questions or supply any information desired."

In addition to the reception, there will be an exhibit.

The post is located at 7 Mile Road and Grand River Avenue and is easily identified.

Similar programs are being held at all other posts.

CONRAD SULLIVAN, Manager of the Farmington Lumber Company, was named last week to the Board of Directors of the Farmington Board of Commerce to fill the unexpired term of Norbert Joannides. Sullivan has been active in civic affairs in Farmington for many years and also is currently serving as President of the Farmington Exchange Club. Joannides, former Manager of the Our Lady of Sorrows Credit Union, has left Farmington to assume a post with the Park Drive Credit Union in Detroit.

Battle Fire

★ Continued from page 1

tary school. When she arrived back home firemen were at a ready hand, pouring streams of water onto the fire as flames swept through the roof of the house.

A neighbor woman, Mrs. Benjamin Hamlin, reported the fire to the Farmington City Department of Public Safety at 3:30 p.m. Two minutes later eight firemen arrived at the scene with two trucks, the emergency van and patrol cars. Chief Robert Deamann, among the first at the scene, immediately put in the call for additional manpower to help fight the blaze. A total of 15 men were engaged in fighting the blaze which was finally extinguished at about 5:30 p.m. on Wednesday.

IN AN INTERVIEW with The Enterprise on Monday of this week, Mrs. Hamlin had nothing but praise for the quick work of the Farmington Fire Department. Under the integrated department of Public Safety the City police officers are on standby call to answer fire and emergency runs and all have been trained extensively in fire and rescue operations.

The Hamlin children were taken into the home of neighbors across the street, Mr. and Mrs. William Gardner of 22800 Brookdale, until Thursday when John Hamlin of Brookdale informed them use of a three-bedroom home on his property while repairs are being made in their own house.

Workers from the Niemala Construction Company were already on the job making repairs Wednesday night and closing up holes in the roof. It was a good thing, too, Mrs. Hamlin explained, since it rained hard that night.

THE QUICK WORK in getting repairs started on the home was credited to John Clapison and Bill Conroy of the Farmington Insurance Agency. Mrs. Hamlin said they had an adjuster on the scene almost as soon as the firemen had left and arrangements were quickly made to begin repair work.

The upstairs of the home was completely gutted along with considerable damage to hallways and the stairwell leading to the second floor. Water and smoke damage to furnishings on the first floor was considerably reduced by the efforts of firemen in grouping the furniture in the center of the rooms and covering it over with heavy tarpaulins.

Fire damage to the fire damage was available at press time and the cause of the fire is still under investigation.
