

Pvt. W. McDonald Fights Blaze

Army SPC William H. McDonald, 21, son of Mr. and Mrs. George E. McDonald, 32315 Grand River, was among members of Fort Carson's 5th Infantry Division who took time out from military training July 4 to fight a raging fire that swept across nearby Cheyenne Mountain.

Men of the division joined forestry fire fighting crews in a 48-hour battle that was won after the blaze destroyed more than 400 acres of valuable watershed timber. The fire, fanned by stiff winds, started

Wood Creek Farms

As most of you know, Anne and her regular Wood Creek reporter, and her husband Paul have gone to California to play the very much even if it meant returning to Detroit at 3 a.m.

Paul Isman, number one son of Paul and June Inman, came from California to Farmington on Wednesday. He was fortunate in getting a flight home during the air strike. Some of those less fortunate spent as many as three days waiting at the air terminal for flight clearance. Don't forget to act as sergeant squad leader in the Marines. His

furlough will end on August 16 when he will report to Camp Lejeune.

Perhaps the most important news item for this week is about our good neighbors Clare and Inez Bentley of Millbrook Rd. Clare has been with Texaco for 41 years and retired on August 1. He has been Asst. Chicago Division Manager for many years and more recently assigned to Michigan.

On July 21 a retirement party was held for Clare at the Botsford Inn Coach House dining room.

There were 178 people

who attended the party and there

would have been many more

from other states but for the

airline strike.

Mr. and Mrs. C. A. Dodson, vice President of Texaco, and Mr. and Mrs. C. W. Kruger, retired Asst. Regional Manager, all of Chicago were

invited to the party and for the weekend.

Clare received a TV set, a walkie-talkie and various old

time signs and pictures of Texaco advertising.

Both Clare and Inez received retirement gifts. This is the first

time a wife of a retiree has

received this honor. This was

her reward for getting her husband off to work for 41 years.

Previously, on June 29, the

District Manager's office

held a surprise birthday

party for Inez.

This really

was a complete surprise to

Inez when I talked with her

afternoon she told me she was

going to a little pollock supper

and had to prepare a dish to take

and when I told her she

had a gift for taking such

good care of her husband. The

very best wishes to both of

you from all of us and many

happy retirement years.

A very warm welcome to Charles and Helen Hoffman and their daughter Nancy. They recently moved into the Ritter home on Salem.

Charles (Bud) is an engineer at the Ford Motor Co.,

Automotive Assembly Division.

They formerly lived in Livonia and have a son, Bill, 15, who is 15 years old just loves

horses. She recently sold her

horse and now she and her dad

are looking for another one.

Bill and Helen Weightman, Bob

and Judy Swift and Dr. Conrad

and Marion Lam took the Detroit News Special Train to

the Shakespearean Festival in Fort Wayne to dinner and see "Twelfth Night." They all enjoyed the play very much even if it meant returning to Detroit at 3 a.m.
