

HONORING THE FLAG is always an important part of any parade and tradition was followed at the Farmington parade.

WHAT'S A PARADE WITHOUT a clown. This tractor came loaded with three of them.

HIS HAIR ISN'T STANDING on end. It was all part of the make-up and fun for one of the parade's clowns.

THE BEAUTY QUEENS were nice enough to let this un-dainty creature ride the truck with them and he just served to make them look that much prettier.

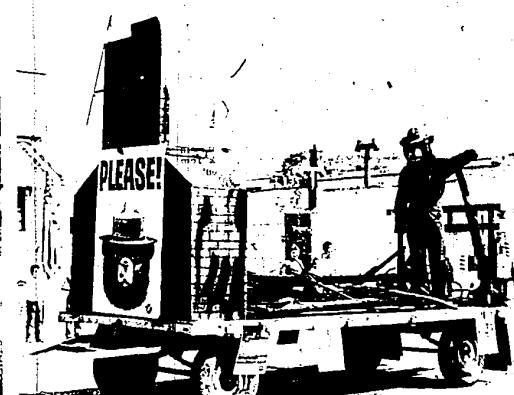

MODERN FIRE EQUIPMENT, topped with Mr. Peanut, also made its way along the parade route.

FIRST PLACE TROPHY for the oldest vehicle in the parade went to this Belleville pumper and ladder wagon, owned by the Hardy family, of Detroit. It is a 1923 La France Brockway Torpedo. Perched on the

fenders are (left to right) Shirley Stymack and Anita Casteen, of Finland, Youth for Understanding exchange student staying with the Hardys. In back are, left to right, Susan Viot and Marty Bufalino.

SMOKEY THE BEAR, with his message about fire prevention, was the most recognized member of the parade participants. He was the Jaycee entry.

HORSE AND BUGGY DAYS of the old west were recalled as these vehicles passed by.
