Sad news stirs this week's column. Two very untimely incidents occurred in our vicinity, which oddly enough were completely separate and at the same time very related. The two incidents concerned that four letter word "fire."

The first fire took place in our subdivision. A very new home on Purdue was completely damaged on the inside. The windows were broken and the interior was one of complete destruction. Miraculously, no one, with the exception of the dog, was hurt. The dog was suffering from heat inhalation and was removed to the animal shelter.

The second fire was that of the Polmateer family which was only two blocks away from the first fire. This time, unfortunately, the inhabitants of the home were not as lucky. Seven of the children died as a result of the fire.

## Westlake News

Almost immediately the PTA started a campaign which took place last Saturday. I mention here that the PTA was not the only interested body of people. Individual groups called me to find out if they could start a collection. The Westlake Homeowners group was already in the process of starting their collection for the family.

BUT when it was discovered that the PTA was also collecting everyone felt that this was the best way of including everyone at the Larkshire Elementary School. As you all know the Polmateer children were Larkshire School children. Mr. Lanigan, principal of the Larkshire Elementary School, also had a collection going for flowers. These are the results. Mrs. Lanigan collected \$27.12 for flowers. The PTA collected \$720.80 from the Larkshire School District. The flowers ran only \$31 so the remainder was turned over to the District collection making the grand total \$789.80. Mr. Lanigan will present a cashier's check to Mr. Polmateer sometime this week.

I want to thank every one for participating and for giving to this cause. As one of my neighbors said "anyone who has children can feel this."

The causes of the two fires are still undetermined. The only comment I wish to make is that if you smoke, be careful. Faulty wiring is only a small cause of fires in the home. The largest cause of fires in private homes are those caused by cigarettes and matches. Perhaps it would be wise if you did smoke to sit on a piece of furniture that can't ignite. Protect yourselves, your children and your home. You all know the price you can pay.

THOSE OF you who knew David and Barb Carlisle, who lived on Glenmoor before they moved last September, might be interested to know that they will be the proud parents of twins. The news is just recent and I thought you might be interested.

Here is some real good news. Richard Arden, son of Dr. and Mrs. Bernie Arden, is home from the hospital. He is recuperating at home and if anyone wants to send him a card his address is Richard Arden, 22264 Tuck, Farmington. I am sure he would enjoy hearing from you.

The new baby award goes to Gregory McGrath, son of Judy and Rodger McGrath, born November 11, at Mt. Carmel Hospital, weighing in at 7 pounds 11 ounces. He joins his sister Elizabeth age 6 and brothers Jeffrey 5 and Jimmy 3.

Might I also mention that the McGraths are a new family.

ily in our subdivision. They come to Westlake from Northwest Detroit and Rodger works at Chevrolet, Inc. When I asked Rodger if his wife had any hobbies he thought only a moment and said "children." Welcome to our subdivision!

DENNIS and Sue Niemi are leaving Westlake for Endicott, N.Y. Dennis received a position with IBM so in February, we will be bidding them a fond farewell. They have lived on Tuck for two and a half years and were quite happy here. They are excited upon moving as are their two children Kim 2 and Jodi 10 months.

BIRTHDAYS made the news again. Jimmy Goetz celebrated his first birthday party with his family. It was a special party because his two grandmothers were there to help celebrate with him.

Michael Eastman celebrated number seven with six friends including George Vachello, Rex Hamilton, Bill and Matthew Binder and Michael Jurma. Games, birthday cake and ice cream were on the agenda for the party.

Phu Hilliker celebrated his birthday November 1, with a family party. He was presented with a regulation pool table, wrist watch, and transistor radio. Needless to say this has been a profitable year for Phu Hilliker.

DEER HUNTING is now in full swing and among the hunters we have Tom Miller, who just came back with little luck, James Wolkers who is hunting with friends and his brother-in-law, in the upper peninsula, with little luck and Bob Hart who will be going. Good luck fellas.

We have a winner in Little League Baseball. He is Richard Arden whose team "The Wildcats" came in first place. Little League is sponsored by the Chamber of Commerce for all boys from the ages of 8-10.

The Farmington group called the Wildcats are from Little League Division T. They are the international champions for 1966 and were presented a trophy at a recent banquet. Accepting for Richard Arden was Larry Pollock.

DEE AND Joe Zwick celebrated their sixth anniversary November 5. They spent a quiet evening at home with their children. December 5, Carl Zwick and a half and twins Danny and Janny two and a half.

Before I close, let me wish Brenda Zank, Mike Guffire, Lorrie Johnson, Lyle Rice, Kerry Hicks, Kathleen Olaszewski, Stephanie Frederick, and Joseph Rukowski a very happy birthday.

That's all for now.
