They state that the Department did an excellent job under adverse conditions to maintain law and order impartially without prejudice. They extend their deepest appreciation for a job well done.

B. Letter from Farmington Board of Commerce RE: Donation for Xmas Decorations. Letter read from Farmington Board of Commerce stating that with the event of the third "Old Yule Log Game" they are once again turning their attention to their Christmas decorations along with their committee, headed by Mr. Richard Habicht, have been working on plans for new decorations along with the refurbishing of the old ones. They state that they wish to express their appreciation to the City of Farmington for their aid, both financial and physical in their endeavor to "dress up" the community for the holiday season. They state that they are a non-profit organization and must, therefore, appeal to outside sources for help if they are to continue their efforts.

The Board of Commerce requested that their appeal for funds be placed on the agenda for consideration.

City Manager Dineen stated that the City of Farmington has contributed \$750.00 in 1964, another \$750.00 in 1965 toward the acquisition of Christmas decorations to "dress up" the community for the holiday season. The City also provides personnel and equipment to install and remove the Christmas decorations within the estimated cost is \$750.00. City Manager Dineen reported that there has been no allocation made in the budget

for this type of contribution although monies are available in the Contingent Fund if the City Council desires to contribute monetarily toward this program as well as furnishing the manpower and equipment for the installation of these Christmas decorations.

The Council discussed the interest of the City Council regarding such large appropriations each year, the contributions from the Township and donations from businesses.

Mrs. Stella Strye, Secretary of the City, stated that Farmington Township contributed \$350.00 in 1964. 350 letters were mailed to businesses in the community and the response was small.

Mr. Ed Balden, member of the Committee, stated that he has purchased two 25-foot signs that will extend "Greeting from Farmington Township" and are needed to maintain the original equipment.

The signs will be located at the Drive-In Show on Grand River and the Expressway and on Farmington Road at the 196 passer.

They state members of this committee will be available to answer any questions the Council may have regarding the purpose and intent of this request.

City Manager Dineen stated that he is in a position to act as a liaison between the City Council and Study Committee providing information to aid them in their research on this subject.

It was the consensus of the City Council that a resolution be adopted supporting a study to be conducted to determine the pros and cons of the unification of the various municipal governing bodies within the community and to designate John D. Dineen, City Manager, as City Representative to supply all information requested.

Dr. Richardson, member of the Committee, commented on the meeting held with the staff of the Institute for Community Development at Michigan State University. He stated that the committee had also contacted the Citizens Research Committee, a non-profit group who receive funds from the Ford Foundation to carry on their studies and were informed that their direct for studies was full until January, 1967.

He stated that the Committee was informed by the staff at the University that a City and Township has never merged and funds are available to have a professional group conduct this study.
