NF Thinclads BowToThurston

Despite peak performances by all of the North Farmington High School thinclads, Thurston routed the youthful Raiders squad by a score of 66 to 33.

North did particularly well in the field events as Ross Smith got first in the long jump and Mark Human third. Mike Bensinger did extremely well in placing second in the pole vault while John Mann and Human captured first and second, respectively, in the high jump. Bill Johnnesse took third for the Raiders in the shot put.

In the running events the Raiders were far from superior. The Raider 880 relay of Jim Jenters, Chuck Hill, Mike Cary, and Ross Smith beat Thurston but progressed in a steady downhill fashion afterwards. Smith got first in the 100 and second in the 220 as the steadfast Raider performer, while Cary got a third in the 200. Jenters took the 440 in 52.5 but Rick Randall managed only a second in the mile.

F. Report adoption City Employees Personnel Rules and Regulations.

City Manager Dignan submitted copies of the revised City Council and it is in the beginning of the new City fiscal year.

G. Report proposed Ordinance relative to parking and storage travel recreation trailers.

City Manager Dignan submitted copies of revised wording of proposed ordinance governing the storage and parking of trailers and recreational equipment within residential.

This ordinance was developed by Francis Papke through the cooperation of the Michigan Mobile Home Association Recreation Section and it is intended to separate the recreational equipment from the commercial equipment as proposed in our present ordinance. The major change between the two ordinances does not include the removal of the two ordinances and provides for special permits for lots with exceptional shallowness or shape or topographic conditions that this regulation would cause a hardship.

City Manager Dignan stated that the Board of Appeals has jurisdiction to issue deviation to our proposed ordinance in the case of a hardship and the corner lot provision was added to our previous regulation.

The Council discussed the proposed Ordinance and heard comments from all interested persons regarding certain provision on corner lots and section in new proposed ordinance and that they would require equipment to have current license plate on parked trailers.

The City Manager and City Attorney were requested to review the proposed Ordinances and submit recommendations at the next regular meeting.
