PACKER HELPS YOU FIGHT

PACKER PRICING POLICY

Everyday low, low prices on name brands you know and trust. These prices are often lower than so-called "Off Brands" sold in many other stores.

The Packer Crusade against high food costs did not start yesterday, last week or last year. The Packer pricing policy has always been to give our customers high quality foods at the lowest possible margin of profit. And in view of rising cost to us we will maintain this low price policy. And we back up our prices with the guarantee that any item, bought in any Packer store, must give complete satisfaction, or your money back... no questions asked!
