

CHARGING OVER: That's Mike Nye scoring and two losses. Note black Nye gets for Clarenceville to help the Trojans against Crestwood. Finish the season with a record of seven

### 7-2 MARK FOR CLARENCEVILLE

## Truly a Trojan Year

It was a wonderful, wonderful year for Clarenceville. In 1965, the football team at Clarenceville high school won two games, lost seven. The 1968 Trojans have now written the final chapter of their season: Victories—Seven. Defeats—Two.

There are those who call this the greatest football team in Clarenceville's history. Some may object. Whatever the opinions there can be no taking away the fact that Clarenceville proved it could be done—climb from the lowly depths and record a season which all those connected with the school will want to remember for a long time.

It was just few years back that Clarenceville didn't win a single game all season. More recently, there were those years with one or two victories.

Now there's the 7-2 mark of the '68 Trojans and the proudest person of all has to be coach Ralph Temby who also worked the hardest. It was Temby's job to install into his players a winning spirit.

This wasn't easy after all the beating Clarenceville had taken over the years in football.

Slowly, Temby got the message across. "You guys have, what I

takes to win," Temby would tell his players.

Win the Trojans did in '66, ending up the glorious season last Friday night with a 33-20 victory over Crestwood as the parents came out to see for themselves the difference just one year had made in much the same football team.

"It was a wonderful experience for us," said Temby as he cast aside his football cleats for the last time until next fall.

"I don't think many around here figured we could do anything like this."

Clarenceville did it with a group of dedicated athletes, players like backs Mike Nye and Dave Wilson, a linebacker like Dave Kalpio who also did some running on offense; John McLooney, a brilliant tackle, and Tom Schlack, an end who thrives more on blocking than anything else.

There were others, of course, but these were the standouts.

In the finale against Crestwood, Nye started the Clarenceville touchdown parade in the first period when he slipped across from four yards out.

In the second quarter Wilson unloaded a 13-yard pass to Schlack for another touchdown and Nye added the conversion to make it 13-0 at halftime.

Kalpio streaked away for 41 yards and a touchdown in the third period and Nye passed to Jim Amich for the extra point.

Fourth period touchdowns by Nye and Larry Martin and another conversion by Nye wound up the scoring and the season for Clarenceville.

In the statistical department, Clarenceville piled up 375 yards—283 on the ground and 112 passing as Wilson hit on five of eight tosses in the muddy game.

Kalpio rolled up 107 yards personally in 16 carries. Nye had 83 in 16 tries and Martin 50 in a half dozen carries.

### Airman Picked For Training

SAN ANTONIO, Tex. — Airman Sammie L. Ferguson, has been selected for technical training at Chanute AFB, Ill., as a U.S. Air Force aircraft equipment repairman.

The airman recently completed basic training at Lackland AFB, Tex. His new school is part of the Air Force's Command which conducts hundreds of specialized courses to provide technically trained personnel for the nation's aerospace force.

Airman Ferguson is a graduate of Bentley High School.

# Judge Warns Youthful Drivers

The first snow fall of the year in the metropolitan area brought forth from Wayne County Juvenile Court James H. Lincoln his annual warning to youthful drivers "speed limits have no significance in winter weather," said the Judge, whose Court is responsible for the handling of cases of all drivers of juvenile age.

Seasonally when the driving conditions are less than ideal there is a sharp increase in the accident rate in which drivers of juvenile age are involved. Observation has indicated that for the most part the basic cause of these accidents is the inexperience, on the part of the young driver.

Even though we have a better prepared driver today than we have local Boards of Education, Judge Lincoln points out that the young driver fails to realize that they cannot exercise the same control of a motor vehicle when the highways are covered with snow and ice.

"The parents who have signed for their sons and daughters to acquire drivers licenses should offer a period of supervised driving until such time as these young drivers realize the necessity of exercising extreme caution in inclement weather by driving at substantially reduced speeds," said Judge Lincoln.

All drivers are subject to the point system (regarding age and additional the policy of the Wayne County Juvenile Court dictates periods of restriction and suspension for moving violations.

All traffic violation tickets issued to drivers under 17 years of age require a Court appearance of the child and parents, and for those who are residents of the Western Wayne County communities, the cases are heard at the Branch Office, 3900 Henry Road, Inkster.

Army Private First Class Dennis M. Churchara, son of Michael L. Churchara, 14455 Garden Road, Livonia, is a member of the 8th Artillery who arrived in Vietnam last week.

Pvt. Churchara is a radio operator in Headquarters Battery of the 7th Battalion.

### Tragedy Mars Re-election of Rep. Tierney

The re-election of James Tierney of Garden City to the State House of Representatives was marred by the death of his mother on election eve.

Passing on Monday, Nov. 7, was Mrs. Margaret Tierney, five months short of her 44th birthday, in the Des Moines Nursing Home in Jackson.

Rep. Tierney, a former Garden City mayor in 1956-60, said that his mother went into a coma the previous Friday. Funeral services were held last Wednesday, at St. John's Catholic Church in Jackson.

"She enjoyed life right up to the end and kept up with current events," said the representative, whose 38th district includes all of Garden City and most of the north half of Westland.

He recalled that during the 1960 presidential election campaign, his mother arranged for 22 absentee ballots for nursing home patients with 18 of those ballots being cast — all for John F. Kennedy.

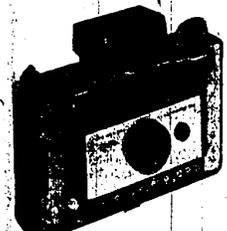

Mrs. Tierney was born Margaret McIntyre in April of 1873 in the Thumb Area community of Ubley. She married Timothy Tierney in 1898. Mr. Tierney died in 1910.

Surviving besides her son, James, are a son and daughter, both in Jackson, and eight grandchildren.

### DPW News And Notes

By Supt. Ken Voglas  
PLYMOUTH DEPT. OF PUBLIC WORKS

Department of Public Works crews spent the better part of two days cleaning up from the recent unseasonable snowstorm, using plows to get snowbanks away from the street curbs. All major streets were deplowed.

The Department handled two funerals in Riverside Cemetery. Christmas decorations such as Santa's House, fencing and other articles are being painted and made ready for installation in Kellogg Park in the not too distant future.

Voting machines were installed in the various City precincts for the Nov. 8 election and then were removed and stored after the figures had been tabulated. They will remain locked for 30 days before they can officially be tucked away for the next election.

Workers are busy picking up leaves again, after the big snow and will continue the operation until all have been removed.

Manholes were checked in the vicinity of Hartough and Sutherland and a catch basin was repaired at S. Harvard and Elyse Street.

A six-inch sanitary sewer tap was installed on Virginia Street and a main sewer was plugged on Park View Drive.

One stop box was replaced on Palmer Street, a water line replaced on Virginia Street and water turned off in the city parks for the winter.

## POLAROID CAMERA GIRLS...

Have your picture taken in color by one of the Polaroid girls, and mounted in a souvenir folder for you at no charge. It will be ready in just minutes.

The Polaroid girls will be in the Sears Livonia Mall Thursday, Friday and Saturday from 10 a.m. to 9 p.m. Bring in the family and join Polaroid's Festival!
