Before You Move To New Home, Shift Insurance
 In advance of a move to a new home, be sure to transfer your fire insurance on household goods, or other insurance on personal possessions, that they will be covered immediately upon entering your new residence. Moving counselors or Aereo-Mayflower Transit Company representatives also suggest that if you are moving to a distant city, you should transfer your bank account. Have your present bank arrange credit reference for establishing new accounts in your new city.

Patch Cutting Done To Help Reforesting
 Visitors traveling through the Douglas fir region of the Pacific Northwest are often dismayed by the sight of bare strips or patches where logging operations have taken place. These bare-looking patches are, however, a sign of good forestry practice, for young Douglas fir seedlings will not grow in the shade of parent trees. Thus all mature trees in a given section are harvested at one time allow the youngsters a chance to grow.

Livonia U.F. Over The Top
 City employees in Livonia "went over the top" and increased their contributions for United Foundation this year according to John Dufour the Chairman for the 1966 U.F. drive among city employees. They contributed a total of \$3,168.70, an increase of \$691.31 over the 1965 amount. Dufour expressed thanks to the employees for their co-operation and complimented them on the generosity. He also paid special tribute to his secretary, Mrs. Clara Kart, for her efforts in assisting him to organize the drive and follow it through to completion. The Parks and Recreation Director was appointed by Mayor Harvey Moelke

The time to think about selling a car is before you buy it.

When it's all said and done, most of us buy a new car because of how it looks and handles. Which helps explain "it of the '67 Chevrolets, Pontiacs, Oldsmobiles, Buicks and Cadillacs you see on the road. But we at General Motors have always thought a new car should bring you more than just new car excitement. We think it should bring you a good return on your investment come trade-in time, too. And resale prices show our GM cars do just that. In fact, most GM cars historically have the highest resale values in the industry. And indications are that history will repeat itself again this year. Look to the General Motors mark of excellence. It's your sign of a car that will look as good to the second owner as it will to you. It's something to think about.

Look to the General Motors mark of excellence.
