BIG RUSH ON FIRST DAY OF NEW RATES

NORED MILLION DOLLA N BOND.

PORTS OF ENTRY CONGESTED SATURDAY.

erence in Revenue Obtained From Old Schedule Amount to About Ten Millions of Dollars.

Washington—With the Democratic tariff law enasted and in force, activity Saturday was transferred from the halls of congress to the treasury department, where Secretary Wm. O. McAdos and Ausstant Secretary Hamilii began the development of a plan of enforcement and the congression of the country with the possible exception of ithe Walker entire of 1846 and its amendatory tariff, of 1857.

With President Wilson and the congressional framers of the law they declared it was a "competitive tariff and freely depressed the conscision of the two they declared it was a "competitive tariff and the substantial through the substantial that \$100.

would afford revenue.

It is roughly estimated that \$100,000 worth of merchandise, held in bond, was withdrawa and payment of duty made under the new law the first day.

Compared with the Payne-Aldrich act, this will mean a loss of \$10,000 old to the government. Treasury of fields maintained that these withdrawals would have no peceptible effect upon the business of the country.

May Act Against Jerome

May Act Against Jerome.

Concord. N. H.—An attempt is on foot to disher W. T. Jerome. It is backed by prominent New York lawyers and is based upon Jeromes statement to Gov. Felker that an indetenment had been found against Harry Thaw when no such indictment had been found against Harry Thaw when no such indictment had been found against Harry Thaw Work on the criminal by rean of this Burns' detective agency is New York and the man who kidnaped the McNamara brothers, is in charge of the case.

New Hampshire feeling is intensely hostile to Jerome. Ex-Gov. Quinby went so far has to say:

"I believe Jerome should be forced to offer Gov. Felker an explanation and an apology."

Another Quake at Panama.

and an apology."

Another Quake at Panama.

Panama—Another earthquake occurred on the listhmus at 5:06 o'clock asturday afternoon. It was almost equal in intensity to the shock of wednesday light, its duration being from 10 to 15 secondments indicated that the shock overed practically the same area of that of Wednesday with the central point of the disturbance about 110 miles from Panama city.

Buildings were severely shaken, but apparently in damage was done beyond the falling of plaster and the opening of slight fissures in a few structures.

Reports from the canal zone of-nicials indicate that neither the locks nor any part of the canal suffered in any degree whatever.
