Warm Farmers Time Near for Tax Reports

Farmers who earned at least two-thirds of their 1966 gross income from farming should file their declaration of estimated Federal income tax for 1966 on or before Monday, January 18. Form 1040ES should be used for this purpose.

However, A. M. Stoepker, District Director of Internal Revenue in Michigan said that farmers need not file an estimate if they file their 1966 Federal income tax return, Form 1040, and pay in full any tax due by February 15.

"Farmer's Tax Guide," (Publication No. 225), which furnishes information on this subject, may be obtained by dropping a postcard to your District Director, Internal Revenue Service, Detroit, 48228 or from your county farm agent.

Madonna Gets OK To Accept GI's

Madonna College has recently been approved to accept Veterans into its educational program. Veterans, who have served on active duty with the Armed Forces after Jan. 31, 1955, may seek educational assistance under the Veterans Readjustment Benefits Act of 1966.

The GI's may register for regular college courses under college admittance requirements or they may enroll in the adult experimental program, which waives certain admittance requirements.

If they are successful in the latter program, they

Bowles has been with Burroughs in sales, manufacturing and finance activities since joining the company in 1929 as a sales trainee at the Atlantic City, N. J., branch. He has been a corporate vice president since 1960 and a member of the board of directors since 1963.

Eppert said Bowles will play a very important role in the Detroit-based company's worldwide expansion programs and in the planning of essential investment and profit elements involved in these moves.

Bowles has held marketing positions in several branch sales offices prior to being transferred to the Company's internal audit staff in Detroit in 1937. He was named manager of the accounting department in 1946.

Three years later, in 1949, he was transferred to the Mining Division at Park Ridge, N. J., as controller, and in 1957 was appointed plant manager of Mining Division. He was elected corporate controller in 1959 and the following year was elected a vice president. In 1963 he was elected vice president-nation.

He earned a bachelor of arts degree in 1949 from Detroit Institute of Technology and also has attended Wayne State University, Detroit, and University of Michigan.

He is a past president of the Detroit chapter of the Financial Executives Institute and currently is a national director of the institute.
