

State Police Seek More Dogs to Train

Michigan State Police are seeking donations of German shepherd dogs for use in the department's tracking program, Col. Frederick E. Davis, director, announced.

Donors are requested to contact any State Police post. Male German shepherds of pure strain and, if possible, registered are being sought as they are considered the best all-around type for police purposes.

Dogs selected must be between one and two years old, large, big boned, and at least 24 inches tall at the shoulders, measured from the ground. Ears must stand up and there must be no noticeable scars or odd or unusual markings.

Donated dogs that are accepted will be used as replacements and for additional teams for assignment locations not yet determined.

A 14-week school for training handlers and dogs will begin about April 1. Most of the training will be done in the Houghton Lake area. The training will be under the supervision of Col. Richard H. Abbott of the East Lansing post who has headed this program since its inception.

The department first began the tracking program in 1960 and because of satisfactory results expanded it several times since.

Presently the State Police have 10 teams on active duty at East Lansing, Ionia, Flint, Rock, Flint, Jackson, Paw Paw, Mt. Pleasant, Grand Haven, Houghton Lake and Marquette.

One tracking dog was accidentally killed by an auto last year and several others were retired.

Aliens Are Reminded To Make Report Of Addresses By January 31st

Walter A. Sahli, district director of the Immigration and Naturalization Service, reminded all aliens to report their addresses during January. Cards with which to make the reports are available at the country. The reports must be submitted to one of the offices. Sahli urges aliens to report before the end of January.
