Some/hard workers come in small a packages . . .

While it might be hard to convince some mothers that a broom swishing bundle of energy this size is really much help when there is housework to be done, there is nonther "small package" which millions of busy mothers put to work time and time again.

Newspaper Want Ads are small bundles of energy too, and they can be counted on to do big jobs at low cost anytime you need them. If you have something to Sell, wont to Hire Help, Rent a spare room or vacant apartment, or if you are searching for a hard-to-find item, all you need to do is put an Observer Want Ad to work, on the job.

Want ads work all during the year. It is a pleasant experience to place your ad, too! Simply dial your nearest Observer Office and ask for the Want Ad Department, A friendly, helpful lady will assist you in wording and placing your ad. You can charge it too...
