Spring Clean-Up Fix-Up Time

DEBRIS AND TRASH still clutter the site of the Unitarian-Universalist Church on Warner St. The church was moved during the winter and the frost prohibited cleaning of the lot at that time.

200 Students To Give Spring Concert At FHS

The annual Farmington High School Spring Concert will take place Thursday, May 25, at 8 p.m.

Over 200 high schools boys and girls will combine their talents in bringing to the audience such favorites as "Eidelweiss" from the musical comedy "The Sound of Music", Elmer Bernstein's Jazz Selections, "Theme from the Summer Place", and Fred Waring's "Battle Hymn of the Republic".

Two bands will contribute to the musical variety of the program, the Varsity Band and the Concert Band. The Girls Glee Club, Twelve Tones, Choir, and soloists will present a musically exciting as well as relaxing evening, according to Gay Ford, student chairman of the production.

According to Miss Ford, the entire concert has been planned and carried through by the student committees.

Committee chairmen are: tickets, Diane Livingston; programs, John Shalley; decorations, Carolyn Francisco; and publicity, Greg Smith. Frank Manture and Doug Thompson will sing solos. Tickets are: Students, 50 cents; adults, \$1; family, \$2.75.

Gardens Add To Beauty

It's very easy to beautify and maintain one's home grounds to suit any way of life.

For the barbecue enthusiast, large areas of pavement or patio stones are required.

For the plant enthusiast and amateur gardener, it is easy to simply feature whatever flowers one may prefer.

The amateur gardener must select plants carefully. Choose those you like best, but be sure they are suited to your particular climate and ground conditions. Don't try to grow exotics and exotics will wither and cartilage would perform better and with less attention.

Choose plants that have more than one function. For instance, asparagus can be grown as both a fresh vegetable and as a beautiful summer hedge. Strawberries can be both a delicious fruit and a remarkable ground cover. Boronite crabapples are wonderful all-year plants, with their beautiful spring flowers and luscious colored fruit in the fall.

To make gardening easy, reduce your lawn area with wide driveways, large patios, paved spaces for play areas, wide border planting and numerous trees and shrubs.

Leave only a few spaces for annual fussing with "experimental" plants. Be sure to locate these spaces, however, where they can be enjoyed from a convenient window in your home.

Most important, be sure to enjoy your time in the garden. Don't let pleasures turn to pressures by not making careful plant selection.
