Do you as a citizen want to know what is going on? Does the board know what the Teamsters are seeking and what its team is offer-

Ing?

If board members know, they certainly have not declared so publicly.

By way of contrast, in the Redford Union School District, the public is being kept informed of teacher demands and what the district is offering.

fering.

This is the way it should be. The public—you and I —should know what is going on so we can express our opinions if we so desire.

independence.

Doesn't it seem that Al should consult his board before closing down the township operation?

Here is a pat on the back for Rhys who has raised the question on board participation in negotiations with the Transters, bargaining agent for township employes.

He would like to the second of the consult of the
