## Annoying Little Things

As everyone knows, it's tent of homeowners said the "little things" that turn out to be major conveniences out to be major conveniences of the stander of the percentage was over 50 per teny boort in your balthroom. A too-small bowl can be a for example. According to the day irritation to the entition to the stander turey of middle-income fain-family, whether it comes to like who were saked to eval: washing shampoing or do-ther the ther balthrooms, 25 per ing laundry.

SUMMER SNOW-mot at all. It's the start of a sound-proof floor by the Zell Division of Livonia's Light Weight Aggregate Corporation. Project Leader Hal Classon pro-vides pretty Dorothy LaPlonte with a "globy/recentgain-sized" sample of preformed faam (Zell) which is used to produce a sound-insulating floor fill when the tingy air bubbles which make up the foam are thoroughly blended into a sand-crement subry. The floors produced by this method are attracting wide acceptance by garden-tope apariment builders because of their extremely effi-cient sound-proofing qualifies.
