Why the big switch to electric heat?

Good news travels fast.

Talk about your bargains! Edison has again lowered the rates on electric home heat. This time, a healthy 10% over the previous rate. Altogether a 30.5% reduction in the last eight years. No wonder the big switch to electric heat is on.

The low rate's only part of it. People also like our three-year, money-back guarantee. We give you a written estimate of operating cost; your heating bill may be less than the estimate, but not a penny higher. It's guaranteed, provided installation is made by an Edison-approved contractor on Edison lines. New low rates. A three-year, money-back guarantee. Pretty good reasons to investigate electric heat. There're others. Give us a call. We'll give you all of them. And without obligation.

EDISON lowers the cost of all electric living.

ANNE M. PHILLIPS MA. 4435

Last Sunday was a special Sunday at the Farmington Community Church for Wood Creek Farms, for Kelli Patricia King was baptized. She was a perfect little girl and didn't cry during the baptism or the church service which followed.

Conrad, Marjan, and Janet Lam were at the church service with two very attractive young men. We were delighted to meet Petry Filippin of Tahoka, Texas, and John Aldrich of northern New York State. These two young men met in Officer's Training School in Indianapolis; had a weekend pass which they used to come to Detroit to see our sights, and to visit the Lam's.

It seems that Perry Filippin graduated from Tahoka High School in 1961 and invited an earlier graduate of that school, Conrad Lam, to be the graduate speaker. Perry said he had a common ground in that he graduated from the Abilene Christian College School of Journalism. Petry is having fun in Frankfurt, Germany, July 7. Lee Luman was married June
