HOUSEKEEPERS

Must be Watchful

For great efforts are being made in this vicinity to sell baking powders of inferior class, made from alum acids and lime phosphates, both undesirable to those who require high-grade cream of tartar baking powder to make clean and healthful food.

The official Government tests have shown Royal Baking Powder to be a pure, healthful, grape cream of tartar baking powder, of highest strength, and care should be taken to prevent the substitution of any other brand in its place.

Royal Baking Powder costs only a fair price per pound, and is cheaper and better at its price than any other baking powder in the world.

SOMETHING ELSE AGAIN.

DETROIT BUSINESS UNION

(Detroit Business Union)
The oldest and most influential business training school in Michigan is giving today the most modern and thorough courses which fully qualify its graduates for high grade positions. Tuition costs more in this school than in many others, but the results prove it to be the cheapest in the end. Low grade work and cheap instruction are found in cheap schools. The D. B. U. is not in that class.

We invite you to write for our curriculum and to spend six months with us during the present school season.
