

Code Will Recognize Fraternities

Student leaders and college officials at Schoolcraft College have set in motion a plan aimed at giving students a greater voice in developing and enforcing student regulations on campus.

At an exploratory meeting Tuesday, officials of the Student Senate, official student governing body, and top administrators agreed, among

other things, to establish ground rules for regular conferences on a monthly basis, and discussed a suggestion calling for weekly meetings of the entire student body.

Topping the agenda were recognition of fraternities and sororities, student dress regulations, and establishment of a School-

craft College Alumni Association.

Official recognition by the college of Greek social groups has been a matter of interest and concern among some students for some time. Although several such groups exist at the college, they have operated on a subrosa level.

Senate representatives re-

ported that a canvass of 19 other two-year colleges in Michigan showed that six institutions have Greek organizations on campus, five recognize the "chapters" and one has a chapter of a nationally affiliated group.

Administrators asked the Senate leaders to develop a set of ground rules for the operation of fraternities

and sororities. To include academic standards, financing, and relationships with both the Senate and the administration of the college.

The proposals will be presented at the August meeting. Final decision on college recognition of fraternities and sororities rests with the Board of Trustees.

The Senate was also asked to present a set of revised regulations covering student dress on campus. Present rules explicitly prohibit the wearing of slacks or shorts by women students and shorts by men students. These rules are normally relaxed during final exam periods and at other times during the school year.

The student leaders also volunteered to undertake organization of a college alumni association and said they would present a plan at a future meeting.

Another result of the meeting was reiteration of existing the Senate as the official voice of the student body. Administrators and student leaders were agreed on the Senate's role in assisting in the shaping of policy decisions affecting student activities on campus.

Student representatives at the meeting were: William Pfeiffer, of Detroit, president; Barbara Mullally, of Livonia, secretary; Linda Antonicelli, of Livonia, treasurer; James Tobey and Deanne Dumas, of Livonia; and Frank Pluta Jr., of Redford Township.

Administrators were: Schoolcraft President Dr. Eric J. Brédner, Dean of Student Affairs Edward V. McNally, Vice-President for Instruction John H. Brinn, and Mrs. Ann Grantham, Student Senate sponsor.

60 Area Boys To Compete In Soap Box Derby

More than 60 boys from northwestern Wayne County, within the Observer Newspaper Group's circulation area, will take part Saturday in the 30th annual Soap Box Derby competition.

Two championships are at stake for these boys and the approximate 250 others who have entered the 1967 event. One title is up for grabs for boys from the City of Detroit itself, while the other is the Suburban Motor City Derby and is limited to youngsters living outside Detroit.

Racing gets under way at 8:30 a.m. Saturday, Aug. 12 at "Derby Downs," a man-made hill located at East Outer Drive and Mound Road. Finals in both divisions are expected to run between 12:30 and 1:00 p.m. and will be televised over WWJ-TV (Ch. 4).

Identical awards await both champions. Each of them will receive a \$500 U.S. Savings Bond and both will be taken to Akron, O., accompanied by their parents, to race in the All-American Soap Box Derby on Aug. 18.

In those national finals they will be competing against 252 other local champions (from throughout the nation) for a total of \$30,000 in college scholarships.

While every youngster dreams of becoming a champion, all boys competing will share in the hundreds of prizes. Radio, cameras and stopwatches are only a few of the awards to be given. In addition every boy who wins at least one heat will get a free round-trip to Akron to view the Aug. 18 All-American finals.

Months of hard work have gone into making the gravity propelled cars which they will drive at "Derby Downs" and the gala weekend's Derby schedule will be launched Friday, Aug. 11 with a giant parade in downtown Detroit at noon.

The Derby is sponsored in this area by the Greater Detroit Chevrolet Dealers Association, the Detroit News and the Detroit Parks and Recreation Department.

Emmert Chevrolet with 28 entries, Tenyson Chevrolet with 19 and Gene Merollis Chevrolet with 15 top the dealer entry list from the Observer area.

Other youngsters in the district also have registered.

BHS Youth Nominated For Honor

MARK MCQUESTEN
The Livonia Commission on Children and Youth has submitted the name of Bentley High School graduate Mark McQuستن to the Michigan Youth Commission and Governor Romney for the American Award for Service.

This recognition was based on Mark's outstanding record of service to the schools and community, according to the Commission.

Mark is the son of Mr. and Mrs. Richard T. McQuستن of 14476 Summerside Court.

While at Bentley he received the Distinguished Service Award, All-School Letter, recognition for debate and was a representative to the student council. He participated in the Model United Nations, was active in forensics, and was a leader in school activities.

Mark participated in Project Headstart for two years as a teacher aid, was co-chairman of the Lukenia Drive, and was a door-to-door worker in the UNICEF and Medicare Drives.

He also worked on the formation of the Draft Code for Livonia students, which was recently adopted by the school administration, and initiated the coordination of the three Livonia High Schools. Presently he is helping organize the local youth organization to be known as Y.O.U. The recent Youth Conference also benefited from his leadership assistance.

Mark plans to leave for Mexico upon completion of his work in the Project Head Start. While there he will work with a priest in an isolated Catholic mission.
