Keep House In Good Trim Year To Year

Planning ahead on home improvements keeps your house in good trim, modern and pleasant. It's easier on the family budget, too.

A fiveyear program makes good senie for many, as it takes into consideration changing family needs.

"The way to maintain a home's living and actual val-ues," says one expert, 'is to krep it up.

keep it up. "One year, it may mean buying a new living room suite; another, repainting the exterior; another, installing air-conditioning."
